### NEW! <sup>Item</sup> INFANTE ULTRASONICS FIREARM CLEANING SYSTEMS

S6 Handgun Model

S9 Rifle Model

#### Ultrasonic Vibration Cleans & Lubricates Guns & Gun Parts in Minutes

Infante cleaners are built to be both compact and uncommonly powerful tabletop cleaning systems that are also easy on your budget. The **S6 Handgun** model will clean and lubricate two full-size autoloading pistols or a revolver with a barrel up to 6" OR loose firearm parts like AR-15 bolt/carrier assemblies, silencers, cartridge cases, reloading dies, and much more. The larger **S9 Rifle** model has a faster process with higher output than the S6 for cleaning multiple guns and has more length to accommodate longer gun parts. It'll clean and lubricate pistols, submachine guns, and rifle components up to 19" in length. For parts longer than 19", drop them in diagonally then turn them part around to do overlapping halves. This is the most economical choice for cleaning longer gun parts without spending more money on a dedicated long gun cleaner. You can even divide the tank into two separate compartments and clean in the front basket, leaving the rear open for the lubrication setup. Both systems have an all-stainless steel cabinet with sound insulation, plus stainless steel tank, lube pan, and covers. The baskets allow liquids to conveniently drain back into the tank while examining parts. An extra heat boost enables fast startup time without no cold spots. Both units come with a sample of Infante's Sonic Tonic™ cleaning solution concentrate (add water) and Sonic Lube™. **USA**

#### **S30 DUAL-CHAMBER LONG-GUN CLEANING SYSTEM** - Boast-

ing 800 watts (average) of ultrasonic power and 1,000 watts of heat, the S30 dual chamber model is THE long-gun ultrasonic cleaner to have. It has TWO independent 4-gallon, 28" long x 5" wide x 8" tall tanks. Industrial-grade 2mm-thick 304L stainless steel construction, with a unique, fully welded drip-proof flange tank design that not only eliminates bulky lube-pan accessories but allows for true simultaneous cleaning and lubrication of gun parts without cross contamination of liquids. Each tank has its own controls and plug, which allows you to use power from two different sources, and you can clean or lube with only one tank running. This unique design also allows for carryover ultrasonics and heat between the tanks. The heavy-duty stainless baskets have a convenient suspension design with basket support above the liquid levels of each tank.

### L&R HCS-200 ULTRASONIC HANDGUN CLEANING SYSTEM

**Gets Dirty  
Guns Clean  
In Minutes;  
Perfect For  
Small Shops Or  
The Hobbyist**

Clean and lubricate up to two semi-automatics, or one 6" revolver, in less than 20 minutes with powerful, ultrasonic cleaning action. Billions of tiny, scrubbing bubbles get cleaning solution into the nooks and crannies that are hard to reach by hand. Field strip the firearm, place it in the wire basket, turn on the Ultrasonic Cleaner and you're free to do other things while the cavitating action gets everything super-clean! An ideal solution for the small shop where only a few firearms need to be cleaned and for hobbyists who want to give their guns a professional cleaning. Also great for cleaning powder residue from empty cases before reloading.

**Input:** 117V **Dimensions:** 12 1/2" (31.75cm) x 6 1/2" (17.14cm)  
**Peak Output:** 95 Watts **Tank Dimensions:** 11 1/4" (29.8cm) x 6" (15.2cm) x 4" (10.2cm)

**Tank Capacity:** 4 1/8 Quarts **Output Frequency:** 43 KHz **USA**

**SPECS:** Tanks, lid, auxiliary pan and wire basket are stainless steel. System includes: (1) HCS-200 Ultrasonic Cleaner, (1) Auxiliary pan, (1) Wire basket, (1) lid, (1) Gallon (3.80l) Handgun Lubricating Solution, (2) 8 oz. (0.23kg) Concentrated Handgun Cleaning Solution, (1) pair latex gloves, (1) 0.4 oz. (11.8ml) tube Synthetic Gun Oil, (1) Cleaning Brush, (1) cotton cleaning pad.

### BROWNELLS TANK SOLVENT

**Dissolves Grime, Crud, In Scrub Or Soak Tanks**

High grade, petroleum-based solvent formulated for bench top Cleaning Stations, or any convenient bucket. Use for slow soak dunk and scrub, or any way you like. Contains special organic additives designed to dissolve that gummy combination of powder fouling, dirt and old gun oil, then hold the crud in suspension so it flushes away easily. Leaves a slightly oily coating to protect against rust. Almost odorless. Stable and non-corrosive. Extremely slow evaporation; stays in your tank. Removes easily with Dicro-Clean 909™; won't mess up future bluing/plating jobs. Can damage paint, plastic and some stock finishes. **USA**

### L&R QUANTREX® Q-210 ULTRASONIC CLEANING & LUBRICATION SYSTEM

Q-210 Gun Cleaning Package shown

**Fast, Hands-Free, Microscopic Cleaning  
for Dirty Guns & Parts**

Add superfast, ultrasonic cleaning to your shop; save yourself a lot of time and make money in the process. Ultrasonic sound waves, plus CA2 Heat create the proven, aggressive action that's a must for thorough gun cleaning. Incremental, consistent heat along with billions of tiny scrubbing bubbles remove powder fouling, lead and jacketed bullet fouling, light rust, dirt and grease; better, faster and easier than ever before. CA2 Heat eliminates the need to use ammoniated cleaning solutions to remove copper fouling. To clean most firearms, only the most basic field strip is needed. Drop the parts into the basket, turn on the Ultrasonic cleaner and you're free to do other jobs while the cavitating action in the tank gets everything microscopically clean in as short a time as 7 to 10 minutes. The Gun Cleaning Packages have everything you need to start cleaning guns more efficiently, including auxiliary pans and baskets to speed up the already fast ultrasonic process, plus solutions that attack fouling and provide superb lubrication. All the units are heavy duty, built for constant use in a busy shop or department. Not recommended for use with ammoniated solutions. Not recommended for use with ammoniated cleaning solutions. **Kit includes** the Q-210 Ultrasonic Cleaner, Timer and Heater, (1) Q-210 Auxiliary Pan, (1) Q-210 Accessory Basket, (1) Gallon, non-ammoniated, L&R Gun Cleaning Concentrate and (2) Gallons of L&R Ultrasonic Gun Lubricating Solution. **USA**

**SPECS:** Tanks, lids, accessory baskets and auxiliary pans are stainless steel, outer shell is vinyl-coated steel. Fully timerized with automatic frequency control, 30 minute timers, pilot lights, drains. Exterior Dimensions: 12 1/2" x 6 1/2" x 9 1/4". Tank Dimensions: 11 1/4" x 6" x 6". Tank Capacity: 6 Quarts. Input: 117V, 50/60 Hz, 135 Watts. Peak Output: 400 Watts. Output Frequency: 43 KHz.

### LYMAN TURBO SONIC POWER PRO ULTRASONIC CLEANER

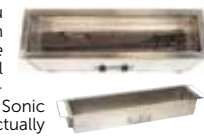

**Powerful, Huge-Capacity,  
Industrial Cleaner Handles  
All The Big Jobs**

With its huge, 34 3/4" long, heated tank, the Turbo Sonic Power Pro is designed for high-volume cleaning jobs and larger-than-normal items. It will easily accommodate entire

barreled rifle actions, complete AR-15 upper and lower receivers, and a whole lot of handguns at once. Then, 10 powerful industrial transducers go to work aggressively deep-cleaning items inside and out. The cleaning action using Lyman's Turbo Sonic Steel Cleaner leaves parts so thoroughly degreased, Lyman recommends immediately applying a rust-preventive. Built in drain makes it easy to switch from one solution to the other. Includes timer and adjustable heat control (up to 175° F.) Costs hundreds - even thousands - less than other industrial cleaners, so it's ideal for gunsmiths, armorers, and even shooters who love to shoot but hate gun cleaning. **USA**

- #100-011-587 **Power Pro Ultrasonic Cleaner, 5K1549M99** . . . . . **\$ 1549.99**
- #100-011-588 **Turbo Sonic Steel Cleaner, 1 Gal., 5K65E99** . . . . . **65.99**
- #100-011-589 **Turbo Sonic Gun Lube, 1 Gal., 5K74A99** . . . . . **74.99**

**POWER PRO LUBE TANK** - Lets you shift from cleaning to lubricating in your Sonic Pro without draining the main tank! The sturdy all-stainless steel lube tank sits in the cleaning tank without disturbing the cleaning solution. Sonic Pro's powerful ultrasonic action is actually transmitted through the cleaning solution to the lube tank for immediate, thorough, ultrasonic lubrication of parts and whole firearms - for a huge savings in time and expense. Large handles make it easy to life the lube tank in and out quickly.

- #100-015-556 **Power Pro Lube Tank, 5K00JXS** . . . . . **\$ 379.99**

### BROWNELLS ULTRASONIC CLEANING SOLUTION & OIL

**Advanced Formulas  
Power Away Dirt & Fouling;  
Lubricates, Fights Corrosion**

Powerful, fast-acting cleaning and lubricating solutions are specially formulated for today's ultrasonic gun cleaning systems to thoroughly clean, condition, and protect your firearms. Safe for all metal surfaces, including carbon steel, aluminum, titanium, and stainless steel. Won't harm bluing, Parkerizing, anodizing, or most paints. Environmentally safe, non-toxic, ammonia-free, and biodegradable with minimal odor, so both products can be safely used right in the shop. **Cleaning Solution** penetrates petroleum-based greases and oils and removes carbon fouling, dirt, grime, and powder residue to leave the metal completely clean. Gets into nooks and crannies for thorough, deep-down, "in the pores" cleaning without completely disassembling firearm. Economical, concentrated formula: mix 1 gallon of solution with 9 gallons of water to produce 10 gallons of cleaner. Water-displacing **Oil** with "Thin Coat" technology drains quickly from parts without puddling and leaves a microscopic layer of long-lasting corrosion protection. Ultra-low friction coefficient helps minimize wear on moving parts for smooth firearm operation and improved reliability. **USA**

**SPECS:** 1 gal. (128 fl. oz./3.8 liters) plastic jug.

## BROWNELLS NH 909™

Non-Caustic, Non-Hazardous,  
Safe Pre-Cleaner For Perfect Gun Preparation

Designed particularly for use on guns prior to bluing, or any metal refinishing job. Removes all grease, traces of buffing compounds, dirt. Operates at 180° F. Is non-caustic, and the heavy-duty jug keeps it ready for the next use. One gallon makes from 10 to 21 gallons of cleaner. Will clean most work in 10 minutes; extra cruddy parts may take up to 15 minutes.

SPECS: 1 gallon (128 fl. oz./3.8L) jug.

#082-000-003 One Gallon NH 909, 5L91A02 . . . . . \$ 98.99

## IOSSO PRODUCTS FIREARM PARTS CLEANER/DEGREASER

Serious, Industrial-Grade Cleaner That's  
Enviro-Safe AND Gets the Job Done

Iosso's product doesn't come in fancy packaging - because it doesn't have to. It proves itself every time you put it to work by penetrating and loosening powder fouling, carbon build-up, dried heavy and grease oil, and other gunk that can prevent guns from doing what they're supposed to. AND it works fast because... who has time to sit around and wait for a weak solvent that works slower than erosion? You can spray this stuff on or soak the part to be cleaned, then rinse with clean water and wipe down with a rag. It is an excellent solvent for use in ultrasonic cleaning machines, too. Rather than petroleum-based like traditional cleaners, it is made from natural plant extracts, so it's biodegradable, with a high flash point and low VOC. Safe for the environment; USDA certified as bio-based.

#073-000-033 Gun Parts Cleaner/Degreaser, 1 Gal., 3G20149 . . . . . \$ 24.99

## SHOOTER'S CHOICE

### ULTRASONIC CLEANING SOLUTION

Economical, Safe & Effective

Specially-formulated cleaning solution quickly breaks down dirt and fouling build-up even in hard-to-reach places to keep firearms running reliably and smoothly. Can be mixed in a 1:2 ratio of solution to water for ultrasonic cleaning, or 1:3 for general cleaning. Solution is biodegradable, non-flammable, and non-corrosive; safe for all gun metals.

SPECS: 1 gallon (128 fl. oz./3.8L) plastic jug.  
#100-011-634 Ultrasonic Solution, 4C40M92 . . . . . \$ 49.99

## MILITARIA

### AAA BATTERY BORELIGHT

Illuminates Bore For  
Easy Inspection

Bright, compact LED light helps to ensure your gun is clean and obstruction-free before storage or operation. A removable 90°, fiber-optic extension piece illuminates barrels, action recesses, or other hard-to-see areas. Push-button tail piece activates the high-intensity beam that is powered by one AAA battery.

SPECS: Aluminum body, black. 5" (12.7cm) OAL. Uses (1) AAA battery, included.  
#622-000-002 Militaria Borelight, 2B8A14 . . . . . \$ 9.99

## TEK MAT ULTRA GUN CLEANING/BENCH MATS

A Cleaning Mat With Your Gun's Schematic  
& Disassembly Instructions Printed Right On It!

TekMat Ultra cleaning mats are more than just protective work surfaces: they include diagrams and schematics of specific popular firearms, so you have instructions for disassembling and reassembling your gun right in front of you as you clean it. The Ultra Cleaning Mats are manufactured using a clear dye-sublimation printing technique that makes the mat waterproof, scratchproof, oil- and chemical-resistant, and washable, too. A direct-vulcanization process adheres the mat's surface to its rubber backing, so that durable, informative top surface won't separate from the padding below. Ultra Cleaning Mats include a parts list that matches the manufacturer's list of parts, so there's no chance of confusion, and you'll always know what part goes where and which parts you might need to order to repair or complete your firearm. Ultra 20 pistol mats measure 20" x 14.75". Ultra 44 rifle mats measure 44" x 14.75".

## BIRCHWOOD CASEY CLEANING KITS

Handy All-in-One Cleaning  
Systems for Specific Firearm Types

BC's kits offer one-stop shopping for fully equipped cleaning systems for specific types of firearms, so you can get the kit that's right for your gun(s) and/or the type of shooting you do. Each kit is packed with high-quality BC products in a compact, handy carrying case that's ready to drop into your range bag, bug-out bag, or backpack. "Kickstand"-style case puts all the tools right in front of you, within easy grasp, as you work. The handle has a secure chuck that locks each tool, including the sectioned cleaning rod, in place. Comfortable, ergonomic grip gives you a firm hold and excellent control without strain.

AR-15 kit contains custom handle, 4-piece non-marring brass cleaning rod, 1 star chamber brush, 1 5.56/.223 bore brush, 1 bolt carrier brush with threads, 1 nylon slotted tip, 1 steel cleaning pick with threads, 1 three-in-one bore illuminator/pin punch/safety flag, 6 wool star chamber cleaning pads, 50 1.5" x 1.5" cleaning patches, 1 star chamber cleaning pad connector, 1 straight pick with threads, 190-degree angled pick with threads, 1 scraper with threads, 1 self-adhesive magnetic strip.

Rifle kit contains custom handle, 5-piece brass cleaning rod, 5 bore brushes (.22, .27/28, .243, .30/308, 6.5mm/.264 calibers), 1 plastic slotted tip, 5 brass jags (.22, .27/28, .243, .30/308, 6.5mm/.264 calibers), 1 pick with threaded end, 1 nylon brush with threaded end, 25 1.5" x 3" patches, and 1 self-adhesive magnetic strip.

Shotgun kit contains custom handle, 1 dual-end nylon brush, 5-section brass cleaning rod, 1 large slotted tip, 3 bore brushes (12ga, 20 ga and 28 ga), 3 bore mops (12ga, 20 ga and 28 ga), 1 adapter, 25 3" x 3" patches, and 1 self-adhesive magnetic strip.

Handgun kit contains custom handle, 1 dual-end nylon cleaning brush, 2-section brass cleaning rod, 4 bore brushes (.22, .357/.38/9mm, .40, 45 calibers), 4 brass jags (.22, .357/.38/9mm, .40, 45 calibers), 25 1.5" x 3" cleaning patches, 2 plastic slotted tips, and 1 self-adhesive magnetic strip.

## BROWNELLS OTIS ELITE KIT

Complete Cleaning Kit For Air Gun To Tactical Pistol To Shotgun & Bench Rest Rifle

Brownells and Otis have teamed up together to bring you the most advanced gun cleaning system on earth! From the breech to the muzzle this is the only kit that cleans and maintains all rifles, shotguns, pistols and air guns from .177 caliber to 10 gauge. It completely eliminates the need for owning multiple, separate kits because this kit truly has it all, including a complete selection of high quality Brownells/Otis Bronze cleaning brushes for every caliber and gauge individually packaged in screw-top, clear plastic protective tubes. The more than 200 individual components contained in this do-it-all, clean-it-all kit are the finest quality, most functional products available. In true, "No Compromise, Brownells Tradition," the Brownells/Otis Elite Kit is packaged in a rugged but padded nylon case that's easily stored in a day pack for trips to the range or into the field. This deluxe zippered case with carry handles includes individual internal storage pockets and elastic tabs to securely hold every item contained in the Elite Kit. Plus a single side storage pocket holds additional shooting gear. The Elite Kit also includes the Brownells/Otis 750 Tactical Kit contained in a separate, convenient, take-anywhere belt pouch for enhanced rifle cleaning while you are on the go. Everything you need to effectively and efficiently clean your firearms is contained in the Brownells/Otis Elite Kit. Plus, the no-hassle, guaranteed-for-life promise of complete satisfaction from Brownells and Otis backs up each and every cleaning component in this kit, so you can buy with confidence and know you are maintaining your firearm with the very best.

## OTIS PROFESSIONAL CLEANING KIT for GLOCK®

Even "Perfect" Pistols  
Need a Thorough Cleaning  
Once in a While

Otis's comprehensive cleaning kit is a must-have for Glock owners. It contains all the tools necessary to clean, maintain, and service 9mm, .40 caliber and .45 caliber pistols. You'll be able to clean from Breech-to-Muzzle® with Otis's Memory-Flex® cable "rod" and matching components.

Or just grab the included Ripcord® for a quick, one-pass clean in the field. Or punch a patch down the bore with the pistol loop rod. The included bottle of FP-10 Lubricant Elite CLP lets you clean, lubricate, and protect the bore against rust in a single pass. But this kit isn't just about cleaning. It takes your maintenance effort to the next level with an 8-in-1 pistol T-Tool for resetting pins, pushing take down pins, front site adjustment, and more. Ensure a complete clean of even magazines with the included magazine plate removal tool. **Contents:** Memory-Flex® cable, 3 bronze and 3 nylon bore brushes, slotted tip, obstruction remover, and patches; 3 Ripcords® in 9mm, .40 and .45; steel pistol loop rod, FP-10 Lubricant Elite; nylon AP Brush with double ends for large surface scrubbing or precise detailed cleaning; 8-in-1 pistol T-Tool; magazine base plate removal tool. Plus, a handy, soft-side, nylon, zippered carrying case. **#668-000-160 Cleaning Kit for Glock® Pistols, 6B34G50** . . . \$89.99

## OTIS 3-GUN COMPETITION CLEANING SYSTEM

Go-Anywhere Kit For Cleaning  
Popular 3-Gun Firearms

Ultra-compact cleaning kit is specifically built for the 3-gun competitor, with components to clean a .223/5.56mm rifle, 9mm/40/45 pistol, and a 12 gauge shotgun. Contains everything you need to keep these popular 3-gun firearms running, including Otis's famous O85® Ultra Bore Solvent®, caliber-specific slotted tips, cotton patches, and a handy

## OTIS LAW ENFORCEMENT CLEANING SYSTEMS

Pocket-Size Kits To Clean  
All Your Duty Weapons

Everything you need to thoroughly clean duty weapons in a handy, pocket-sized case that zips open to reveal an incredible array of cleaning tools and supplies. Non-scratch, plastic-coated, Memory Flex cleaning cables with interchangeable handle roll up for storage and allow correct breach-to-muzzle cleaning without disassembling the weapon. Universal-caliber, woven-cotton patches thoroughly strip crud and gunk from bores and can be re-positioned on slotted tips to present fresh cleaning surfaces for six separate passes. Kits include heavy-duty brass slotted tips, bronze bore brushes, Otis O85 Ultra Bore all-in-one cleaner/lubricant/protectant, multi-purpose cleaning brush, fiber optic bore reflector/safety flag. An array of picks, scrapers, and small-parts cleaning tools complete these multi-weapon, all-in-one cleaning systems. Each component fits into its own slot in the zippered, soft-side nylon carrying case with exterior loop for attachment to belts up to 2½" wide. **Deluxe Law Enforcement Cleaning System** is designed to clean 9mm to .45 caliber pistols, 5.56 and 7.62 caliber rifles, and 12 gauge shotguns. **Law Enforcement Rifle/Pistol Cleaning System** is fully equipped to clean rifles and pistols from 5.56mm to .45 caliber. **Professional Pistol Cleaning System** will clean 9mm to .45 caliber duty pistols and submachine guns. **USA**

**SPECS:** Nylon carrying case, black. **Deluxe Law Enforcement Cleaning System** contains six (6) brass brushes; four (4) brass slotted tips; interchangeable brass handle; ½ oz. ## WILSON COMBAT HANDGUN CLEANING KIT

A Premium  
Cleaning Kit  
from a Top Maker  
of Premium  
Pistols

For decades Wilson's customers asked them for advice on the best cleaning kit to take care of their treasured Wilson Combat pistols. After looking for something from "off-the-shelf" cleaning kits, Bill Wilson himself developed this comprehensive kit. It has a brass rod, plus brushes, mops, patches, and jags for cleaning 9mm, .357/.38, .40, .44, and .45 caliber handguns. It includes Wilson Combat's Universal Bore Cleaner and Ultima Lube II oil (2 fl. oz. of each). It includes a 1911 bushing wrench and a polymer channel cleaning tool designed to clean the slide/frame grooves and crevices of your pistol. Chamber, magwell, and firing pin tunnel/extractor tunnel brushes are included because they are essential to keeping pistols running smoothly. It all comes packed in a handy storage case of clear, high-impact polymer. This kit is perfect for everyone - from the novice to the seasoned competitor - since all shooters know you can't have enough quality cleaning products. A parting *Word of Advice from the Wilson crew:* Your goal when cleaning is not to get your handgun surgically clean, but clean enough to maintain perfect reliability. They have seen many guns sent in by customers over the years that have been harmed by overzealous cleaning. **USA**

## OTIS SNIPER RIFLE CLEANING KIT

Compact, Military-Issue Cleaning System For .308/7.62mm Sniper Rifle & Other Weapons

Compact, easy-to-carry, military issue cleaning kit contains all the components needed to thoroughly clean the .308/7.62mm DMR-M14, as well as many other .30 caliber weapons, including M24, M40, M240, M1, and AK-47, in a compact, lightweight, easy-to-carry package. The kit's 8 oz. of gear fit into the zippered MOLLE-compatible case and replace over 3 lbs. of conventional cleaning gear. Helps you maintain weapon in top operating condition no matter where you're deployed. Flexible, 30" long cleaning cable allows thorough breech-to-muzzle cleaning, and the 8" cable is more manageable for cleaning the receiver. Both coil up neatly for storage in the case. Kit includes bronze bristle bore brush and chamber brush, slotted tip for patches, and a tube of mil-spec CLP for cleaning, lubricating, and deep-penetrating protection from corrosion. Scraper and two picks for cleaning bolt face and locking lug recesses, plus a lens brush for optics, all-purpose utility brush and complete instructions. All brass components have a matte black finish to minimize reflectivity. MOLLE-compatible case of tight-weave, waterproof Dark Earth nylon can also be clipped to a belt. NSN #1005-01-451-5119.

**SPECS:** Kit contains .30 cal. bronze bore brush, chamber brush, slotted tip, 1/2 oz. (14.2g) mil-spec CLP cleaner/lubricant/protectant, 10 cleaning patches, 30" flexible cable, 8" flexible cable, T-handle bar, obstruction remover/T-handle base, NATO adapter, nylon end brush, retractable lens brush, nylon multi-purpose brush, scraper, straight and angled locking lug picks, fiber/optic bore reflector/safety flag, and MOLLE-compatible carrying case of Dark Earth nylon

## OTIS RELOAD KITS

Money-Saving Refills Keep Your Otis Tactical Kit Up To Date & Ready To Clean

Keep your Otis Tactical Kit "reloaded" and ready to perform to its optimum with these money-saving refills. Conveniently packed and sized so you get enough to refill your kit without extras you don't need.

**BRUSH RELOADS** - Premium quality, rifle-length, bronze bore cleaning brushes with twisted brass cores, twisted ends, and a non-rusting brass ferrule.

**SPECS:** Bronze bristles, brass ferrule, brass threads, 2" (5cm) long, 8-32 tpi. Includes one each of the following calibers: .22, .270, .30, .38, .45.

**#668-000-019** Bronze Brush Reload Kit - 22/270/30/38/45 Cal., 8F6J78 ..... **\$ 9.99**

**PATCH RELOAD** - Includes the fantastic 085 Ultra Bore cleaner that lubricates, penetrates beneath fouling, preserves and prevents rust, all in a single application. Plus the highly absorbent, all-cotton flannel, round cleaning patches are conveniently pierced for use with the Otis cleaning system. Cleans rifles and pistols from .22 to .50 caliber.

**SPECS:** Kits includes two .5 oz. (12.8ml) squeeze tubes of 085 bore cleaner, 50, 3" (7.6 cm) diameter cleaning patches.

**#668-000-021** Patch Reload Kit, 8F6N56 ..... **\$ 7.65**

## REAL AVID MASTER CLEANING STATION

A Cleaning Kit AND a Cleaning Mat All in One - Plus, a Bit More Besides!

Real Avid's innovative take on traditional gun cleaning gear encourages gun owners to thoroughly clean their guns from bore, breech, and action down to the component level. It combines a Next-Gen cleaning mat with an intelligently designed cleaning kit filled with an extensive set of cleaning tools. The mat is printed with illustrated how-to cleaning and maintenance instructions, so you never have to hunt down the owner's manual OR risk winging it and failing to clean some critical component. The built-in tray keeps easy-to-lose gun parts organized while you work. It's called "Master", because it does it all. You will call it brilliant. The case provides frustration free, spill-proof storage and features a proprietary pop-up storage riser to make every tool easy to extract and return to its fitted holder. It ingeniously organizes a comprehensive set of gun specific cleaning tools that are locked in place, clearly labeled, easy to access, and rattle free. A magnetic parts tray keeps small gun parts from getting lost during cleaning. Finally, an integrated oil resistant, no-slip backed, padded cleaning mat provides a large, safe, anywhere-anytime cleaning surface. The entire expansive Master Cleaning Station rolls up and fits into a compact storage bag.

## OTIS RIPCORD®

Fast, Easy "One & Done" Bore Cleaning Hot Off The Firing Line

The one-pass Ripcord cleans barrels hot off the firing line for quick and easy field maintenance. Tightly woven DuPont™ Nomex® fibers withstand temperatures up to 700° F, while they act as both a brush and patch to loosen then trap fouling. The aggressive cleaning surface is 10" long and has a helix shape that digs deep into the rifling. Molded rubberized core/cable combination that keeps the Nomex pressed against the bore for an all-around thorough cleaning. Simply insert the Ripcord into the chamber and pull through the muzzle. Unlike gravity-fed bore snakes, the stiffer Ripcord works at any angle and also can safely dislodge jammed cases and other blockages. Brass ends won't scratch the bore and are threaded to accept standard 8-32 accessories.

## HOPPE'S VIPER BORE SNAKE

Heavy-Duty, All-In-One, Pull-Through Cleaning System - Carry Case Lid Doubles as a Pull-Handle

Braided nylon, pull-through cleaning cord scrubs, cleans, and lubricates in a single step, just like the original BoreSnake, with 50% more scrubbing surface for those extra-tough cleaning jobs. Apply bore cleaner to the front of the cord, oil to the end, drop the weighted end down the bore, and pull through. Repeat as needed. Cone-shaped, nylon bore guide on lead end protects your gun's rifling. Extra, built-in-bronze brushes and braided cord clean and oil the bore in a few passes. Yes, you can put it in the washing machine for a cleanup. This is the upgraded "BoreSnake Viper Den" that comes in a handy, compact, plastic carrying case with with a lid that doubles as a convenient pull handle. It's the same, proven, Hoppe's technology, only better! Easier to carry, easier to use - the ideal field cleaning kit for your hardest-working guns.

**SPECS:** Braided nylon cord, embedded phosphor-bronze bristle brushes, brass weight.

## SSI KNOCK OUT 2-PASS GUN ROPE

Pull-Through Cleaner Is Quick & Versatile

The Knockout 2-Pass Gun Rope Cleaner system works like other pull-through cleaners, but lets you decide when to wipe out fouling and solvent with the finishing rope. Available in popular rifle and rifle calibers and shotgun gauges. Make as many passes as you like with the rope that has the caliber-specific brass brush attached, and then remove the fouling and solvent only when you're done brushing. Each rope had a brass tip that makes it

## HOPPE'S BORESNAKE®

Fast, Pull-Through Cleaning; Rod, Brush & Patch All in One

Hoppe's BoreSnake is one of the most-appreciated cleaning tools in the serious shooter's arsenal. It scrubs and cleans the bore in a single step. Apply bore cleaner to the front of the cord and oil to the end. Drop cord into the bore and pull through five times. The built-in, phosphor bronze brush and braided floss scrub, clean and oil the bore in just minutes. The braided nylon cord, covered with a gentle-cleaning nylon floss is washable and reusable - you can literally throw it in the washing machine for a cleanup. Lightweight design folds neatly away for easy storage and carry. This is the upgraded "BoreSnake Den" that comes in a handy, compact, plastic carrying case with a lid that doubles as a convenient pull handle. Same tried-and-true product, even easier to carry AND to use now.

**REAL AVID  
GUN BOSS® PRO HANDGUN  
CLEANING KIT**

A Compact, Go-Anywhere Cleaning Kit for the Standard Pistol & Revolver Calibers

The GBP handgun kit contains a two-piece sectioned brass rod and ergonomic rotating handle, PLUS bronze bore brushes and polymer patch jags for cleaning .22, 9mm/.357/.38, .40, and .45 caliber handguns. Unlike a lot of kits that give you a steel rod or a flimsy aluminum one, Real Avid's brass rod is sturdy enough not to buckle when pushing patches down the bore, and it's far less likely to damage the rifling than a steel rod. You also get 25 square (OK, more like rectangular) cleaning patches, plus large and small nylon slotted patch loops. All the tools snap securely into place and stay organized in the handy clamshell case that stands up to give you ready access to all the components as you work. Add your bore solvent and lube of choice, and you're set up to clean some guns - anywhere, anytime.

**#100-040-809 Gun Boss Handgun Cleaning Kit, 6B34G50..... \$29.99**

**SADLAK INDUSTRIES M14/M1A  
GAS SYSTEM CLEANING TOOLS**

Best Way To Remove Carbon Buildup From Gas Plug & Piston Bores

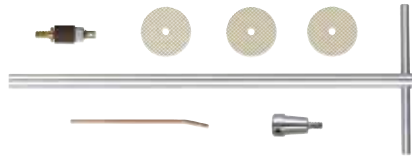

Drill-type cleaning tools quickly break loose and remove hard-to-get-at carbon buildup from the gas plug and gas piston internal bores. Just insert the hardened steel scraping bit and twist back-and-forth; dual scraping edges clean in both directions. Small enough to store in a range bag or cleaning kit. Ergonomically shaped aluminum handles give you a comfortable, secure grip for maximum torquing action. **Gas Plug Drill** is .316" diameter for the gas plug bore. **Piston Drill Set** - .180" and .323" diameter drills for thorough cleaning of the piston bores.

**SPECS:** Bits - Hardened carbon steel. Handles - 6061 T6 aluminum, O.D. green. **Gas Plug Drill** - "O"-size. .316" (8mm) dia., 1 1/8" (4cm) long bit. **Piston Drills** - #15: .180" (4.6mm) dia., 2" (5.1cm) long bit. "P"-size: .323" (8.2mm) dia., 1 1/8" long bit.

**BROWNELLS  
LEWIS LEAD REMOVER**

Traditional - And Still The Best Mechanical Deleader

Lead fouling can build up in the forcing cone, barrel, and chamber of a pistol, ruining accuracy completely. The Lewis Lead Remover is the single best way to remove all leading easily, without damaging the gun in any way. Used and endorsed by the nation's top shooters. Use with J-B Bore Cleaner (listed elsewhere) for the cleanest, lead-free barrel ever!

**SPECS:** The Lead Remover Kit contains handle, cone tip, rubber tip, specially woven brass patches, and complete instructions. The Caliber Adapter Kit does not include the handle.

10/22® RECEIVER DRILLING JIG**

Accurately Locates A Cleaning Rod Hole On 10/22 Receivers

Permits barrel cleaning from the rear without removing the barrel; eliminates accuracy-destrorying muzzle wear caused by cleaning from the muzzle. Locates the correct spot at the rear of 10/22 receivers for drilling a

.257" hole to allow the cleaning rod to pass through. **SPECS:** Steel, blued. 4" (10.2cm) long. **#080-917-000 10/22 Receiver Drill Jig, 8K44P45..... \$49.99**

**POSSUM HOLLOW  
CLEANING ROD STOPS**

Prevents Rod From Exiting The Bore

Install near handle to prevent jag from coming out of muzzle during heavy back and forth scrubbing, as when applying J-B® bore paste. Two sizes: .22-.65mm and .27-.30; fits most cleaning rods.

**SPECS:** Delrin collar with nylon set screw. Contains four stops, (2) .22 caliber and (2) .30 caliber. **#528-000-011 4-Pack Rod Stops, 8B14B24..... \$16.99**

**BROWNELLS  
SHOTGUN CLEANING ROD GUIDE**

Ensures Proper Rod Alignment & Protects The Bore

Machined Delrin® rod guide ensures correct alignment of the rod and prevents the rod from contacting the barrel walls and possibly causing damage. In use, the guide slips onto the cleaning rod before installing the brush or mop, then it's inserted into the chamber end along with the tip of the rod. Safe to use with cleaning solvents or lubricants, and cannot scratch or mar the chamber in any way. Models available to fit 12, 20, and 28 gauge, plus .410 bore. The Extended 12 gauge guide has an extra 5" of length and is used for semi-auto and pump gun barrels with long extensions.

**SPECS:** Delrin, white. All guides are 2" (5.1cm) long, except the Extended 12 Gauge Guide, which is 5" (12.7cm) long. **#080-000-973 12 Gauge Rod Guide, 8K12K49..... \$14.99**

## PRO SHOT ADJUSTABLE BORE GUIDE

Prevents Solvent Backflow Into Chamber & Protects Bore Throat

Fits many types of bolt-action .22-.30 caliber rifles and prevents solvent and fouling from flowing back into the trigger. Helps protect the bore throat, too. Bore guide tips and ends are made of chemical-resistant Delrin® for long life. Adjustable to fit both short and long actions. Designed for use with Remington 700, Savage 110, Winchester 70, Ruger 77, Mauser 98, Enfield 1917, Hart, Stolle, Kimber 89, Browning, Dakota and similar actions. **USA**  
**SPECS:** Aluminum, hardcoat anodized red. Delrin screw-on guide tips and ends, white or black. 10¼" (27.3cm) OAL. Fits bolt action rifles chambered in .22 thru .30 calibers.

#100-012-464 Adjustable Bore Guide, 22-30 Cal., 1F27B22 ..... \$ 32.99

## Sinclair International SPECIALTY ROD GUIDES

Gun-Specific Models Prevent Solvent From Getting Where It Shouldn't Go

Sinclair makes specialty rod guides for the AR family of rifles (AR-15 and AR-308/SR-25), the Ruger 77/22 Hornet, and others.

The AR family rod guides have an O-ring that seals off the barrel from the receiver and keeps solvent from leaking back into the action. The Ruger 77/22 Hornet is an O-ring-less rimfire type rod guide. All come with an integral solvent port that lets you put solvent on the patch while it's in the guide. **USA**

## TCS AR-15/M16 BORE GUIDE

Protects The Rifling from Contact With the Rod During Bore Scrubbing

The TCS AR-15 Bore Guide does what all bore guides should do: keep the cleaning rod centered so it doesn't grind bore gunk into the sides of the bore as you scrub, which can lead to damage that compromises your rifle's accuracy. The difference? This guide is custom-designed for the AR platform. You simply remove the upper receiver/barrel unit from the rifle, remove the BCG, and replace it with the TCS guide. Get out your rod and patches and solvent and clean away. All-aluminum construction, so the guide is solvent proof, while rubber O-rings ensure a seal that keeps solvent from dripping back into the upper receiver. Fits all .223/5.56 AR-pattern rifles. **USA**

#100-020-861 AR-15 Bore Guide, 2B30A75 ..... \$ 48.99

## TK PRODUCTS M1/M14/M1A M1 BUDDY & MUZZLE BUDDY

Makes Cleaning Your Garand Easy, Fast & Safe

Handy insert of molded, solvent-resistant hard polymer solves several problems associated with cleaning M1 and M14/M1A rifles. Keeps the bolt securely locked back for cleaning to prevent it from slamming shut unexpectedly on fingers or equipment. Also helps keep solvent and debris from falling into the action during cleaning. There is even enough built-in clearance to use the GI ratcheting chamber brush with the M1 Buddy in place. Once you try it, you won't want to clean your Garand or M1A/M14 without one! **M1 Garand Muzzle Buddy** cleaning rod guide friction fits over the muzzle and keeps the cleaning rod in correct alignment with the axis of the bore to prevent it from damaging the muzzle crown. Includes solvent port and an internal chamber that allows reversal of a bore brush or jag without removing the guide. **Combo** contains M1 Buddy and Muzzle Buddy. **USA**

## AREA 419 CLEANING ROD RACK

Spare the Rod (From Damage) & It'll Keep Doing Its Job

Here's a cleaning rod holder that will mount to just about any available vertical surface and keep 6 rods and 12 jags/brushes close at hand - but out of harm's way. The Area 419 crew doesn't believe in half measures, so this rack is SOLID. It's machined from 6061 T6 aluminum (matte black anodized), with the rod slots cut so the handles will self-center in the funnel-shaped counterbores. There's a neatly dished out oblong area on top for holding small, loose items like rod adapters. It comes with a two stainless steel pan head wood screws and a pair of polymer anchors for mounting in drywall. The rack's footprint is 9.5" x 4" and it weighs about 1 lb. 10 oz. (remember, we said "solid"). **USA**

#100-033-446 Cleaning Rod Rack, 6Z65E00 ..... \$ 75.00

## BROWNELLS CLEANING ROD RACK

Keep Your Cleaning Rods Neatly Organized

Sturdy, aluminum rack provides convenient storage that eliminates clutter plus protects your expensive rods from damage. Holds six rifle, pistol or shotgun rods, all neatly organized and ready for use. Drilled for mounting on a wall, end of your bench, or anywhere you have space available. Place them end to end for more rods, the slot spacing stays even for a neat look. Accepts Dewey, Bore-Tech, Prosmith and other rods with rotating or loop handles. Safety lip keeps rods from accidentally sliding out. **USA**

**SPECS:** Aluminum, green, powder coat finish. 12" (30.4cm) long, 1½" (3.8cm) deep, 1½" high. Holds (6) rods. Includes wall anchors and screws.

#080-000-035 Cleaning Rod Rack, 8K29K99 ..... \$ 34.99

## BORE TECH BORE STIX

Fully Coated Rod Cleans Without Scratching

Cushioned handle has 22 ball bearings inside for effortless rotation so the patch always follows the rifling. Full-length epoxy coating on spring steel rod is impervious to solvents. Index dots on the handle let you check twist rates. **6mm BR** rod gives an exact fit to 6mm benchrest, varmint, and hunting rifles. **USA**

**SPECS:** 8-32 female threads. .17 cal. rod has 5-40 female threads. Handles are 1½" (2.9cm) diameter, 5" (12.7cm) long.

STOCK #	CALIBER	LENGTH	PRICE

**BORE TECH "PROOF POSITIVE" JAG** - Machined from a special copper-free alloy that's as gentle on the bore as brass, while it eliminates false indications of blue copper fouling on the patch. Holds the patch tight in two places, doubling the effective cleaning area. Reverse taper self-guides into bore.

**SPECS:** Proprietary copper-free alloy. Approx. 2½" (5.7cm) long. .17 cal. - 5-40 male threads. .22 & .30 cal. - 8-32 male threads.

## BROWNELLS CLEANING ROD STORAGE SLEEVE

Stores & Protects Your Bore Cleaning Rods

Heavy duty sleeve holds up to three, 36" long cleaning rods and keeps them clean and protected from damage so they don't scratch your bore. Double stitched nylon with hook-and-loop cover for a tight hold that won't come loose unexpectedly. Folds easily to a compact size for storage inside your cleaning kit or range bag when not in use.

**SPECS:** Nylon, black. Holds cleaning rods up to 36" (91cm) long, 38½" (97.8cm) long x 4¼" (10.8cm) wide, large end.

#084-000-323 Cleaning Rod Storage Sleeve, 8K9P20 ... \$ 9.99

## BROWNELLS DRILL CHUCKABLE SHOTGUN CLEANING ROD

Mounts To A Hand Drill For Easy Barrel Cleaning

One-piece, brass cleaning rod has a ½" hex that lets you drive it with your hand drill to power scrub the toughest lead and plastic fouling without damage to the bore. ⅜"-27 female thread accepts standard shotgun accessories. We like to wrap some stainless steel sponge, #080-000-321 around a nylon bore brush; a couple of passes and the bore is clean! Not for use with .410 bore barrels. **USA**

**SPECS:** Brass. 38" (97cm) long, .412" (10.5mm) dia. ⅜"-27 female thread. Will not fit .410 bore barrels.

#080-000-254 Drill Chuckable Rod, 8K38G38 ..... \$ 44.99

## ATSKO RAPID ROD

Collapsible Rod Carries Easily In The Field; Clears Obstructions Fast

Segmented aluminum tubing with internal stainless steel cable assemble quickly into a rigid cleaning rod for emergency field use. Collapses into a compact package only 5" long. A must-have for dislodging snow, ice, mud and other bore obstructions you could encounter on remote hunting trips. Also comes in handy for loosening stuck cases, shotgun shells or wads. Fits .22 to .54 caliber barrels up to 26" long, 20 to 10 gauge shotgun barrels up to 32" long; plus .410 and 28 gauge barrels up to 26" long. Knurled handle with tension adjustment shaft draws cable tight to lock rod segments in place. Includes a plastic patch loop (.22 cal.), five aluminum jags (.22 to .54 cal.), and nylon carry case with belt loop.

**SPECS:** Aluminum, natural finish with stainless steel braided cable. 8-32 tpi female thread. OAL - 39" (99cm). Rod Section - 26" (66cm) long x .21" (5.3mm) diameter. Handle - 7" (17.8cm) long x ½" (1.3cm) dia. 2 oz. (56.7g) wt. Includes plastic loop, (5) jags, and carry case.

## DEWEY COPPER ELIMINATOR CLEANING SYSTEM

All-Aluminum Components Eliminate "False-Positive" Copper Fouling Indications

Cleaning rods, brushes, jags, and adapters have machined aluminum components that don't react with ammonia-based solvents like brass parts sometimes do. Won't produce blue-green stains on your patches that can be misinterpreted as "false positive" indications of copper fouling, so you'll know when your bore really is copper-free. Similar in hardness to brass, Copper Eliminator parts won't scratch the bore or damage the muzzle, and they'll stand up to hard use. 

**RIFLE CLEANING RODS** - Top-quality steel rods have the same tough, nylon outer coating and ball-bearing smooth rotating handle as standard Dewey rods, with an 8-32 female threaded aluminum ferrule. Each rod comes with an aluminum Copper Eliminator jag.

**SPECS:** Steel rod, black nylon coated, with aluminum fittings and red plastic handle. 8-32 female threads. Available in 36", 40", and 44" lengths. Jag included.

STK# .22-.26 CAL.	STK# .27 & LARGER CAL.	LENGTH
#234-000-084	#234-000-087	36"
#234-000-085	#234-000-088	40"
#234-000-086	#234-000-089	44"

— Advise # — Copper Eliminator Cleaning Rod, 4C29G67. . . . . \$ 41.49

**MALE-THREAD JAGS** - Pure aluminum jags are specifically designed for use on Copper Eliminator rods to maintain the full integrity of the CE system. They can also be used on other rods with the same female thread patterns.

**SPECS:** Machined aluminum. Thread patterns indicated in table.

STOCK #	CALIBER	THREADS
#234-000-090	.17	5-40 Male
#234-000-091	.20	5-40 Male
#234-000-092	.22/.223/.224	8-32 Male

#234-000-099	.30/8mm	12-28 Female

— Advise # — Copper Eliminator Female Jag, 4C5B80. . . . . \$ 6.99

**BORE BRUSHES** - Nylon bristles wound around an aluminum core and male-threaded aluminum coupling are completely brass-free to eliminate false-positive blue-green indications of copper fouling that can occur when using ammonia-based solvents with brass core brushes. Dense nylon bristles give plenty of scrubbing power, yet are extremely gentle on the rifling. .17 and .20 caliber brushes with 5-40 threads extend the benefits of the Copper Eliminator system to your existing small-caliber rod. The .22 caliber and larger brushes have 8-32 threads for use with Dewey Copper Eliminator rods.

**SPECS:** Nylon bristles, aluminum core and ferrule. Thread patterns indicated in table. Sold in 3- and 12-paks.

## DEWEY COATED ROD

Tough Nylon Can't Scratch Your Rifling

The tough nylon coating on these rods absolutely won't scratch the delicate rifling of the finest match barrel and won't peel off like many vinyl coatings do. Smooth turning, ball bearing handle. Supplied with Adapter for standard 8-32 male thread brushes and accessories (Except .17 cal. rods; they are 5-40 female). Plus, an extra-long Dewey Jag that takes a patch either wrapped-around, or over-the-end, and fits directly onto the rod's male thread. 17-C and 20 series rods do not include brush adapter. Use of breech or muzzle bore guide recommended. 

**SPECS:** Handles are 1 1/8" (2.9cm) dia. x 2 1/8" (7.3cm) long. The number following the dash in the model number represents the rod length in inches. 1"=2.5cm. 17C rods fit .17 cal. 20C rods fit .20 cal.-.22RF. 22C rods fit .22-.26 cal. 30C rods fit .27 cal. and up. 35C rods fit .35 cal. and up. 38C-12 fit .27 cal. and up handguns

## DEWEY LARGE BORE ROD

Eliminates Flex, Speeds Cleaning

Large, 5/16" diameter, nylon-coated, steel rods decrease flex and provide easier cleaning of rifle bores .35 cal. and larger. Ball bearings in the handle let the rod follow the rifling. 35C rod has a 12-28 thread that accepts Dewey Jags and Adapters. Comes with a 35J rifle jag and a 30A, 12-28 to 8-32 adapter. 50 BMG rod is specifically designed for use on your 50 BMG. Only the 44" coated section touches your bore, while the 18" stainless steel provides plenty of additional length to clear oversize actions. Includes an LGBA brush adapter and a 50J, .50 caliber brass jag. **SPECS:** Handles are 1 1/8" (2.9cm) dia. x 2 1/8" (7.3cm) long. All rods fit .35 cal. and larger. 35C-36 - 36" (91cm) long. 35C-44 - 44" (111cm) long. 50 BMG - 62" (157.5cm) long.

## DEWEY PISTOL/SERVICE RIFLE ROD

Coated To Protect Bores

Designed for cleaning .223 service rifles and most .22 caliber handguns, these coated rods prevent metal-to-metal contact that can scratch the rifling and ruin accuracy. Spring steel rod with durable proprietary coating that resists solvents and abrasion for a lifetime of use. 22-CF-6 & 22-CF-9 have a 8-32 female threaded tip for use with all standard-size cleaning accessories. Includes brass cleaning loop. 22-C-30 has 8-36 male threaded tip that fits included jag, plus a separate 8-32 female threaded adapter for use with standard cleaning accessories. **SPECS:** Handle - molded polymer, 1 1/4" (3.2cm) dia., ball bearings. Rod - nylon coated spring steel, .21" (5.6mm) dia.

## MONTANA X-TREME RIFLE CLEANING RODS

Tough Coated Rods For Tough Fouling

Spring steel cleaning rods push a brush or jag through the toughest fouling without bending. Dirt and grit won't cling to the proprietary, nonembedding coating for extra protection of your prized rifle's bore. The machined aluminum handle is slim enough to avoid contact with the stock when cleaning from the breech, while still comfortable and easy-to-grasp for excellent control. Bearings at each end of the handle let the rod rotate smoothly to keep the jag or brush fully in contact with the rifling. Color-coded handles help you make sure you pick up the correct-caliber rod. Each rod has a soft aluminum ferrule at the threaded end to help protect the breech or muzzle from damage.

**SPECS:** Rod - Stainless steel, nylon coated. Handle - Aluminum, anodized. Caliber-fits, lengths, and thread-patterns listed below.

## SHOOTER'S CHOICE .22 CLEANING RODS

He Who Spares the Rod in Cleaning His .22 May Spoil Its Bore!

Shooter's Choice offers their 36" long .22 caliber rifle cleaning rod in several forms to suit the type of cleaning you need to do. First, however, let's note that this is a SOLID rod, not a sectioned screw-together one, so there are no seams or ridges in the rod that can drive fouling into the grooves or even risk dinging the rifling. You can get it in Brass or for cleaning jobs where you need a little extra rigidity in the rod, Stainless Steel. Some shooters shy away from a steel rod on a steel bore (though it's perfectly safe if you're careful), so there's also the Coated Stainless Steel model. There's a large, comfortable handle with steel ball bearings that allow the rod-plus-jag/brush/slotted tip to turn through the rifling as it travels down the bore. Accepts standard 8-32 male-threaded rod attachments.

## TIPTON DELUXE CARBON FIBER CLEANING RODS

Tough, Flexible Rod That Won't Scratch or Embed Gunk in Your Bore

Tipton's carbon fiber rods are ideal for bore cleaning because unlike traditional metal rods, they won't scratch the rifling or pick up small abrasive particles. They can be bent to pretty extreme angles, too, and still return to their original straightness. That means no more kinked rods due to accidental application of too much elbow grease! Tipton rods follow the rifling as you push or pull them through the bore due to two sets of ball bearings in the comfortable, ergonomically shaped handle. Getting a tight patch through the bore is not a problem because the rod's robust "shank-through" construction lets you apply a lot of pressure - up to and including "reasonable" hammer blows to the end of the rod.

**SPECS:** Rod: Carbon fiber. Tip: Brass. Handle: Polymer, red, 6 1/2" (16.5cm) long. Rods available in 36" (91.4cm) or 44" (111.8cm) lengths. .17 caliber available only in 36" (91.4cm) length.

## ACCUPRO PRO JAG

Rubber O-Ring Protects The Crown From Damage

Exclusive, rubber O-Ring gently centers the jag and patch in the muzzle, and all the way through the bore, to help prevent muzzle damage. Pointed, brass jag firmly holds all types of patches for efficient swabbing during cleaning.

**SPECS:** Brass, 1 1/2" (3.8cm) long. All are 8-32 thread, except 12 ga., which fits standard  $\frac{3}{16}$ "-27 shotgun cleaning rod.

## DEWEY

### "PARKER HALE" STYLE JAG

Traditional, Wrap-Around-Style Grips Patch In Both Directions

Cut slightly smaller so a full size patch can be wrapped around the jag. Exposes more patch area to the bore to give quicker, more uniform cleaning. Serrated teeth are fully covered and grip the patch to hold it when scrubbing in both directions.

**SPECS:** Machined brass. PH Style. Standard PH fits Dewey Stainless Steel Rods (and other makes) with 8-32 female threads; C-PH Style are female threaded and fit Dewey Coated Rods ONLY. 30C-PH and larger C-PH rods have 12-28 female threads.

## DEWEY COATED ROD ACCESSORIES

Dewey Components To Fit Dewey Coated Rifle Rods

Machined brass jags, loops, and adapters are designed for use with Dewey Coated Rifle Rods ONLY. Brass jags are the unique Dewey design that take a patch over-the-end, or wrapped around.

20JM jag is 5-40 male threaded for use with .20 cal. Coated Rods only. 22J, 24J and 6.5J female-threaded jags fit 22C Coated Rods only. 27J thru 45J female-threaded jags fit 30C-17 thru 38C-12 Coated Rods only.

22LF and 30LF are female threaded patch loops that fit 22C and 30C rods respectively. 17A adapter enables use of 8-32 rimfire accessories on .17 and .20 cal. Coated Rods.

SMBA and LGBA enable use of standard 8-32 accessories on male-end on Coated Rods. LGBP adapter converts 12-28 male-thread Dewey .50 BMG and Large Bore Rods to accept 10-32 black-powder accessories. SBA adapter converts 30C rods to accept standard  $\frac{3}{16}$ "-27 shotgun cleaning accessories.

### TCS 12 GAUGE SHOTGUN MAGAZINE TUBE JAG

Uniquely Designed To Quickly & Thoroughly  
Clean an Often-Overlooked Area

Yes, it's a shotgun jag, but the folks at TCS designed this one for cleaning the magazine tube. Sure, the mag tube isn't the same kind of "adverse environment" as the bore itself, but over time it will accumulate burnt powder and other debris that can impair round feeding. These special jags work with regular bore patches, but are sized for a snug fit in the mag tube to mechanically strip out debris that could mess up your gun's smooth feeding - "The proof is on the patch." After cleaning, put on a fresh, lightly oiled patch and make a pass to prep the magazine for storage. Totally solvent-proof anodized aluminum construction, with three O-rings to keep the patch firmly pressed against the mag tube wall for thorough scrubbing. Standard 3/16" -27 tpi male threads fit any standard American shotgun cleaning rod. **USA**

#100-020-855 Mag Tube Cleaning Jag, 12 ga., 2B15N96 ..... \$ 18.99

### TCS AR-15/M16

### UPPER RECEIVER & BUFFER TUBE JAG

A Simple Tool for Cleaning  
Two Overlooked Parts of Your AR

This jag fits a standard 3/16" -27 tpi shotgun rod or chamber brush handle so you can thoroughly and quickly clean the interior of the upper receiver and buffer tube of your AR. Fouling can slowly build up in these areas until - probably at an inopportune moment - you have a failure to function. The folks at TCS designed this jag to be exactly the right diameter to make short work of scrubbing debris out of these two critical areas. It works with the interrupted cuts in the AR-15 receiver and holds the patch securely during the scrubbing process. Highly solvent-resistant, all-aluminum construction, with three rubber O-rings to keep the solvent-soaked cleaning patch pressed firmly against the receiver/buffer tube wall. **USA**

#100-020-857 Upper/Buffer Tube Cleaning Jag, 2B11N54 ..... \$ 16.99

### THE CUSTOM SHOP O-RING CLEANING JAGS

Increases Patch Pressure On Bore  
For Improved Cleaning Action

Solid aluminum jags with rubber O-rings are ideal for cleaning the bore of your gun without worrying about damaging the rifling. O-rings press patch firmly into bore surface for efficient cleaning action on powder, lead, copper, and plastic fouling. For use with patches, steel wool, and bronze wool. Shotgun and Black Powder jags are color coded; Rifle/Handgun jags are numbered for easy identification. **USA**  
**SPECS:** Aluminum or brass with rubber O-rings. Male threads, 8-32 tpi, except .50 BP is 10-32 tpi male. Shotgun - Anodized, red (12 ga.), blue (20 ga.), and green (28 ga.), 3/16" -27 tpi male. Rifle/Handgun - Polished finish except .50 cal. Black Powder (BP) is anodized yellow.

### OTIS

### MONGOOSE BORE BRUSH

Scrubs & Mops Bore In  
One Pass For Fast, Easy,  
Thorough Cleaning

Dual-action brush combines deep-scrubbing bronze bristles and an absorbent cotton mop on one brush so you can thoroughly clean rifle and pistol bores in one breech-to-muzzle pass. Non-corroding brass core ensures the Mongoose brush won't scratch your gun's rifling, while dense, non-scratch phosphor bronze bristles loosen fouling and the gentle 100% cotton mop wipes the bore clean of contaminated solvent and loosened fouling. Speeds up the tedious job of cleaning lever-action rifles and other guns with limited breech access. Perfect for fast cleaning in the field; 8-32 tpi threads fit the Memory Flex rods in Otis compact cleaning kits, as well as standard bench cleaning rods. **USA**  
**SPECS:** Brass wire shank, bronze bristles, and cotton mop. 8-32 tpi male threads. Sold in 5-paks.

### BROWNELLS "SPECIAL LINE"™ BRASS CORE BORE BRUSH

Hard-Scrubbing Bronze  
Bristles; Brass Shank &  
Coupling Won't Scratch Bores

If you or your customer has one of those special guns that drives tacks or knocks down birds every time, the slight extra cost of our Special Line brushes is well worth it to eliminate any chance of the cleaning brush's shank putting a scratch in that all-important barrel. The brass shank is one-piece, looped and wound (not two, twisted together and chopped off). The coupling is no-scratch brass. The bristles are the best, phosphor bronze scrubbing wire for long life and thorough cleaning. Sold in 3-paks. 12-paks with price discount available at **Brownells.com** **USA**  
**SPECS:** Bristles: Phosphor bronze. Shank: Brass, looped and wound. Rifle: 3/16" (8.3cm) OAL except .17 cal, which is 2" (5.1cm) OAL, .17 and .20 cal. 5-40 threads, all others 8-32 thread. Pistol/Revolver: 2/16" (5.4cm) OAL, .17 cal. 5-40 thread, all others 8-32 thread. Shotgun: 2/16" (7.3cm) OAL, 3/16" -27 thread. .22 M16 Rifle: 8-36 thread fits military M16 cleaning rods only.

## BROWNELLS

### "SPECIAL LINE"™ DEWEY-THREAD BORE BRUSH

Coupling Fits Dewey Coated Rods; Hard-Scrubbing Bronze Bristles & A Brass Shank

Do away with the thread adapter! These brushes thread right onto Dewey Coated rods. Eliminates the need to constantly change adapters; no more hunting for a misplaced adapter. Special Line brushes have the best phosphor bronze wire bristles for long life and thorough cleaning. A one-piece, looped and wound, brass shank and coupler prevent any chance of putting a scratch in that all-important barrel.

**SPECS:** Bristles: Phosphor bronze, Shank: Brass, looped and wound. Rifle: 3 1/2" (8.5cm) OAL, Pistol: 2 1/2" (6cm) OAL. Calibers .22 to 6.5mm have 8-36 female threads. Calibers .270 to .50BMG have 12-28 female threads.

## BROWNELLS STANDARD LINE BORE BRUSHES

Tough Stainless Steel, Solvent Resisting Nylon, Traditional Bronze

Since darn near as many bore brushes get used in the shop as get sold, we've packed these custom-made, top quality brushes in bulk paks to make them more convenient and less expensive. The shank is one-piece, looped and wound (not two, twisted together and chopped off).

**SPECS:** Bristles: Available in stainless steel, nylon, or bronze. Shank: Steel, looped and wound. Rifle: 3 1/2" (8.3cm) OAL, .17 and .20 cal. 5-40 threads, all others 8-32 thread. Pistol/Revolver: 2 1/2" (5.4cm) OAL, .17 cal. 5-40 thread, all others 8-32 thread. Shotgun: 2 1/8" (7.3cm) OAL, 1/8"-27 thread.

**STAINLESS STEEL BORE BRUSH** - For severely leaded, fouled or rusted bores, the aggressive cleaning action of a stainless steel brush can help get them clean. However, the aggressive action accelerates wear, and regular use can shorten barrel life. **.54 BP Rifle** - 10-32 thread, for use with Dewey Large-Bore Coated Rods.

**NYLON BORE BRUSH** - New generation bore cleaners attack copper and bronze-based bullet jacket fouling aggressively and are just as hard on bronze cleaning brushes. Our nylon brushes stand up to these super cleaners and won't cause accuracy-ruining scratches. One-piece, looped and wound steel shanks (except Black Powder (BP) series, .17 cal., and .20 cal., which have brass shanks).

## BROWNELLS

### HEAVY WEIGHT NYLON BORE BRUSH

Top-Quality Nylon Bristles Are Tough on Crud But Gentle On Your Barrel

We know that certain types of rifles need to be clean - but you can't risk any chance of marring the bore. So we developed these super-aggressive, nylon brushes with extra-stiff, large diameter bristles that make short work of stubborn bore deposits, yet are safe on rifling and smoothbore surfaces. Won't deteriorate when used with your favorite solvent. The strong, one-piece, looped and wound brass shank and coupling prevents scratching.

**SPECS:** Bristles: Heavy weight (HW) nylon. Shank: Brass, looped and wound. Rifle: 3 1/2" (8.3cm) OAL, 8-32 thread. Pistol/Revolver: 2 1/2" (5.4cm) OAL, 8-32 thread. Shotgun: 2 1/8" (7.3cm) OAL, 1/8"-27 thread.

**DOUBLE-TUFF™ BORE BRUSH**

Make Short Work Of Leaded & Heavily Fouled Bores In Handguns, Rifles & Shotguns

Extra-thick, kinked, phosphor bronze wire gives the hard scrubbing action needed to cut through the toughest crud in pistol, rifle, and shotgun bores. You'll have to push like the dickens, but the results will be well worth it.

**SPECS:** Bristles: Extra-thick phosphor bronze. Shank: Steel, looped and wound. Rifle: 3/4" (8.3cm) OAL, 8-32 thread. Pistol: 2 1/8" (6cm) OAL, 8-32 thread. Shotgun: 2 1/8" (7.3cm) OAL, 1/8"-27 thread.

**BROWNELLS DOUBLE-UP BRUSH & MOP CLEANING SYSTEM**

Brushes & Mops In Just One Step

Dual-action, cleaning system for 12 gauge shotguns features an ultra-absorbent cotton bore mop and a crud-scrubbing bore brush that screw together, so you can put them through the bore in one step. "Double-them-up" in the order you prefer or even add another mop or brush for even more thorough cleaning.

**SPECS:** Fits 12 ga. shotgun. Brushes and Mop: steel shank, aluminum coupling, 1/8"-27 tpi thread. System includes (1) Bronze Brush and (1) Mop. Bronze Brush - Phosphor bronze bristles. Mop - Cotton.

**OTIS RIFLE/PISTOL BORE BRUSHES**

Bronze Or Nylon Bristles Scrub Bores Clean Without Scratching

Hard-scrubbing brushes strip fouling quickly, leaving the bore sparkling clean. Premium-quality phosphor bronze bristles have twice the fill and a much longer life than generic brushes, with bristles all the way to the tip. More bristles mean fast, thorough cleaning. Stem is cold welded to the looped-and-wound brass core to withstand up to 200 lbs. of pull force without separating. All are threaded to fit standard 8-32 rods. Caliber stamped on the stem, so you can be sure you always have the correct-size brush; brass core wire may be painted to aid in quick ID of caliber (it's still brass). Some calibers available with nylon bristles for jobs requiring less aggressive scrubbing action. Universal length fits both rifle and handgun bores.

**SPECS:** Brass wire shank, bronze or nylon bristles. Approximately 2 1/4" (5.4cm) long. Standard 8-32 tpi threads. Sold in 10 paks.

**RAMRODZ BARREL CLEANERS**

Disposable Bore Cleaning Swabs Leave Nothing Behind

Disposable cleaners have tightly wound, low-lint cotton heads that wipe away all kinds of fouling and powder residue without leaving any fibers behind. Heads are designed to expand into rifling grooves and conform to barrel walls for maximum cleaning. Designed not to splatter and splash solvent onto you or your gun's finish. Also great for cleaning inside slides, chambers, receivers and magazine wells. Flexible bamboo handle won't snap under pressure and helps you get into hard-to-reach nooks and crannies. NOTE: For handgun cleaning, Ramrodz may be used alone. For rifle/shotgun cleaning, they must be used with a standard cleaning rod and the rod adapters sold below.

**SPECS:** Bamboo handle. 8" (20cm) long. Low-lint cotton heads.

**RIFLE/SHOTGUN ADAPTERS** - Attaches to standard 8-32 thread cleaning rod to extend use of Ramrodz swabs to cleaning rifle and shotgun bores. Made of solvent-resistant, high-visibility green (pistol/rifle calibers) or orange (shotgun) nylon. Pak of 6.

#100-015-718 Rifle/Shotgun Adapters, 7C4M48 ..... \$ 5.49

**BROWNELLS BORE MOP**

Pure, Natural; Choose From Cotton Or Wool

Bore mops are just a little easier to use than patches and really get the job done without the slightest risk of scratching the bore. Great for evenly applying that final thin coat of oil or a good initial dose of bore cleaner.

**COTTON BORE MOP** - Cotton fibers really soak up cleaning solvents and oil. The natural scrubbing action of cotton helps remove loosened powder fouling. Great for applying Brownells Moly Bore Paste or J-B® Compound.

**SPECS:** Cotton. .17 & .20 cal. - Brass shank and coupling. 3/4" (8.3cm) long, 5-40 thread. .22-.45 cal. - Steel shank, aluminum coupling. 2 1/8" (7.3cm) long, 8-32 thread. .50 cal. - Brass shank and coupling. 3/4" long, 8-32 thread. Shotgun - Steel shank, aluminum coupling. 2 1/8" long, 1/8"-27 thread.

**WOOL BORE MOP** - A classic favorite for gun cleaning; virgin wool mop holds lots of bore cleaner or oil, so both ends of the barrel get thoroughly coated. The natural "spring" of wool helps the mop conform easily to rifling grooves; the looped and twisted brass shank and coupling won't scratch the bore.

**SPECS:** Wool, brass shank and coupling. Rifle/Pistol - 3/4" (8.3cm) long, 8-32 thread except for .17 cal. (5-40 thread). Shotgun - 2 1/8" (7.3cm) long, 1/8"-27 thread.

## VFG WEAPONS CARE SYSTEM

### Absorbent Felt Pellets Quickly Scrub Barrels Clean

Innovative and efficient system cleans rifle, shotgun and handgun barrels with a minimum of effort and mess. Slip two felt pellets on the cleaning rod adapter, apply your favorite solvent and push through the bore to rapidly scrub out dirt and fouling. Pellets fit snugly to easily follow the rifling for fast, efficient cleaning; as you withdraw the rod, the front pellet falls off while the rear pellet polishes the bore. Lets you apply oil, cleaning solvents, J-B® Bore Cleaner or Moly Bore Paste easily with minimal mess. **Plain** pellets are made from a highly absorbent, hardened felt. **Super Intensive** pellets also have interwoven brass fibers for even greater scrubbing action to quickly clean heavily fouled barrels. All require cleaning rod adapter. **SPECS:** *Felt, white. 3/8" (9.5mm) long. 8-32 Adapter fits 8-32 tpi rods. Aluminum, 1 1/4" (4.4cm) long.*

## SWAB-ITS GUN TIPS

More Effective & Economical Than Patches

Handy, easy to use cleaning tips allow you to get into the tightest areas of your firearms. Swabs feature polyurethane foam tips that absorb solvents and cleaners better than patches, plus they won't leave fuzz behind. Flexible polymer handles let you get the tip deep into those hard to reach areas to apply lubricants and cleaners more effectively. Reusable tips are easily cleaned with soap and water. The **9 Piece Gun Cleaning Kit** includes: 1 square swab with 5" handle, 2 rectangle swabs with 5" handle, 1 rectangle swab with 4" handle, 3 mini-sock style swabs with 3" handle, 2 sock style swabs with 6" handle. The **3" Precision Tip Foam Swab** allows you to precisely apply cleaners and lubricants. Each pack has 24 swabs. The **6" Extended Reach Foam Swabs** get you into those hard to reach areas inside actions or other tight areas. Each pack has 24 swabs. **SPECS:** *Polyurethane foam tips, polymer handles.*

## TIPTON COMPLETE PISTOL POWER SWAB CLEANING KIT

Cleaning Rod & Patch All in One for Quick, Thorough Bore Cleaning; Covers All the Standard Pistol Calibers

Handy disposable swabs are cleaning rod and patch all in one - great for quick cleaning in the field or for times when you don't want to wrangle rods, patch loops, jags, patches, and the other paraphernalia of cleaning. They're disposable, fast, and easy to use, plus the plump cotton swab ends fit lands and grooves better than a traditional patch for deep cleaning. Works with all your favorite solvents and lubricants. **Kit includes** 50 each of .22 cal., 9mm/.357/.38, .40 cal./10mm, and .44/.45 cal. Swabs - plus 100 general cleaning tip swabs and 100 more pointed tip swabs for driving the fouling out of those hard-to-reach nooks and crannies on just about any gun. All comes packed in a sturdy, compartmented, plastic box.

## SUPER BRUSH BORE-TIP™

Easy-To-Use, Reusable Foam Swabs For Thorough Bore Cleaning

Foam swabs fit standard cleaning rods and serve as a super-handly all-in-one replacement for jags and patches that helps you get your gun absolutely clean. Spongy foam construction ensures a tight fit inside the bore and really soaks up solvents and oils for effective, uniform application. Foam is permanently bonded to a polymer shank that's unaffected by harsh cleaning chemicals. Tips come with the shanks attached to a polymer "sprue" that helps them from getting lost. Each Bore-tip can be reused up to five times. **Multi-Pack** contains 5 each of .22, .30, .357/9mm, .40/10mm, and .45 caliber Bore-Tips. **SPECS:** *Color-coded polymer shank, foam swab head. Pistol/Rifle - 8-32 male-threaded. Approx. 2" (5cm) O.A.L. Shotgun - 7/16"-27 male-threaded. Approx. 2.75" (7cm) O.A.L. NOTE: Due to the tight fit, .45 Bore-tip does not fit .44 caliber barrels.*

## BROWNELLS

### 100% COTTON FLANNEL BULK CLEANING PATCHES

A Thousand Times Better Than Synthetic Patches

Pure, natural-cotton, flannel patches hold solvents, soak up crud and crap and get oils into the grooves better than any other kind of patches made. (Not like the new, synthetic patches, which are less absorbent...they literally slide right over the fouling!) We know you'll like these. So, if you use more than a small box or two of those "other patches" a year, you'll save money and clean a whole lot better with these bulk paks of 1000 natural cotton flannel patches - just like the ones you used to get as a kid. Handy little wipe around the shop, too. Super for oiling, wiping, cleaning, cold bluing, etc., etc. **SPECS:** *Available: 7/8" (22mm), 1 1/8" (3.5cm), 1 1/4" (4.4cm), 2 1/2" (6.3cm) and 3" (7.6cm) squares.*

### 100% COTTON FLANNEL BULK PAK ROUND CLEANING PATCHES

Super Absorbent In Hard-To-Find Shape

Save money and get guns cleaner. These **round** patches are made of 100% cotton flannel, fleeced on both sides to be extra absorbent, and bulk packed in 1000's. All natural fibers carry far more solvent or oil into a bore than any synthetic patch can. Soak up and

carry far more crud and fouling out! Big Price savings from buying in bulk, gives lots more patches for the buck. Hundreds of other uses, too. **SPECS:** *Sold per 1000 in bulk pak.*

## BROWNELLS SQUARE CROSS-LOCK PATCHES

Two Textures In One Patch For Aggressive Scrubbing Or Application Of Solvents & Oils

Extra-tough, heavy duty patches with a cross-locking coarse weave on one side for aggressive removal of copper, plastic wad, lead and powder fouling, plus a smooth, flat weave on the other side to apply solvents or oils onto the lands and grooves. Made from a lint-free, super-absorbent blend of cotton and cellululosic fibers that hold more solvent and absorb more fouling than traditional patches. Sized for most calibers, from .22 centerfire to 12 gauge shotguns. Available in 1,000-Paks. **USA**  
SPECS: Cotton/cellulosic fiber blend, white. Select size/caliber from table below. Available in 1,000-Paks.

## BROWNELLS 100% COTTON TWILL PATCHES

Aggressive Scrubbing Action & Less Lint

Long fiber cotton and a twill weave create a "hard" finish with plenty of criss-crossed, woven, "teeth" for an aggressive scrubbing action that removes heavy fouling and works great for applying cold blues, too. Lint is virtually eliminated; you can apply oil in action recesses without leaving patch fuzz behind. Sizes are smaller since patches are thicker. **USA**  
SPECS: Sold in packages of 1000.

## TCS AR-15/M16 CHAMBER, UPPER RECEIVER & BUFFER TUBE CLEANING BRUSH

The Right Length for Cleaning Critical Areas of Your AR

TCS designed this short rod to be a triple threat for cleaning the chamber and inside of the upper receiver, the bolt channel, and the buffer tube of the AR-15 platform. Use it in conjunction with patches, a chamber brush, and TCS's upper receiver/buffer tube jag (sold separately). The 16" solid aluminum shaft is long enough to clean the buffer tube on an A2 rifle and keep the hand from hitting the lower receiver. Threaded to accept both 3/16"-27 tpi and the 8-32 tpi attachments. The shaft is fixed to the handle so it does not turn, allowing you to twist the rod vigorously for fast, thorough scrubbing. Comfortable, ergonomic plastic handle gives you excellent control and helps you generate plenty of torque.

- #100-020-862 Upper/Chamber/Buffer Tube Rod, 2B23D27..... \$ 27.99
- #100-020-857 Upper/Buffer Tube Cleaning Jag, 2B11N54..... 16.99

## REAL AVID AR-15 BRUSH COMBO

Specialty Brushes for Cleaning the AR's Locking Lug Recesses & Chamber

Handy set contains critical brushes needed to keep an AR-15 chamber and bore carbon-free. Includes a star chamber brush and star chamber mop for cleaning inside the hard-to-reach locking lug area behind the chamber, as well as the chamber itself. The star chamber pads drive the solvent into the nooks and crannies, and then also collect the carbon gunk that gets flushed out. Also helps apply oil evenly. The included .223/5.56mm bore brush scrubs stubborn, "baked-on" carbon fouling from the lands and grooves.

- #100-034-153 AR-15 Brush Combo, 8C00GVR..... \$ 9.99

## GG&G M14/M1A CHAMBER CLEANING TOOL

For Fast, Thorough  
Cleaning Of Chamber

Rugged tool has a universal joint that helps you achieve just the right angle for thorough cleaning of the chamber. Tip is made from long-lasting yet non-marring aluminum, with a deep, 1 1/2" long slot that accepts any 1 1/4" or 2" square cleaning patch. Rubber-coated, non-slip plastic handle gives you a secure grip on the tool for application of maximum cleaning torque.

SPECS: Steel shank, aluminum slotted tip, reinforced polymer U-joint, polymer/rubber handle, black. 13 1/4" (34.9cm) O.A.L.

- #336-000-030 Chamber Cleaning Tool, 6C39Q50... \$ 40.99

## NEW! BIRCHWOOD CASEY STAR CHAMBER CLEANING PADS

Extra Scrubbing Action  
To Get the Gunk Out of the Chamber

BC's cotton felt pads have six "ears" that get into the raceways for the bolt lugs and really scrub the chamber clean quickly, so you can get the job done and move on to other things. Threads onto the end of a standard 8-32 male-threaded cleaning rod. Fits centerfire rifles chambered in .223 Rem/5.56 NATO. Sold in a plastic tube of 100 pads.

- #100-048-001 Star Chamber Cleaning Pads - 100-Pak, 6B34G50..... \$ 17.99

## BROWNELLS HANDGUN CLEANING BRUSH

Handy On The Bench, Excellent At The Range

Doesn't require a separate cleaning rod. Nylon bristles work great with the new generation bore cleaners, brass handles won't scratch the bore.

SPECS: Bristles - Nylon, 1 1/2" (3cm) brush, 8 1/2" (21cm) overall.

Cleans Inside Bolt Action Rifle Bolt Bodies

Makes short work of gunk caught deep inside bolt bodies.

- SPECS: Plastic handle, SS shank, nylon bristles. 10 1/2" (26cm) overall. Fits Mauser-style including, Ruger, Rem., Win., Mk X.
- #084-400-001 Universal Bolt Brush, 8K7M49..... \$ 9.99

## GTUL MAGAZINE MAINTENANCE KIT for GLOCK®

Easy-To-Use System  
For Fast Disassembly &  
Cleaning Of Magazines

GTUL system helps you disassemble and clean Glock magazines quickly. Tool fits over the bottom of the magazine and disengages the locking tabs, so you can remove the floorplate. Helps prevent damage to the tabs and won't mar, gouge, or dent the metal liner. The brush handle has a hardened steel punch to depress the floorplate retaining pin - can also be used to disassemble the rest of the pistol, too. Brush has tough, spiral-wound nylon bristles to scrub away dirt, dust, and powder residue that can cause feeding problems. Brush is also available separately and can be used to clean a wide variety of other manufacturers' double stack magazines.

SPECS: GTUL - Plastic, red. Brush - Molded plastic handle, nylon bristles, aluminum shank, steel punch. Fits Glock 9mm, .40 S&W, .357 SIG, and .45 GAP magazines.

- #100-005-522 Standard GTUL Magazine Brush System, 2C20F31..... \$ 32.99

## BROWNELLS GUN/PARTS CLEANING BRUSH

Meets Mil Std. 129J Double-Ended  
Cleaning Power For Guns & Parts

Developed for the U.S. Armed Forces to clean M16/M4 rifles, the double-ended, solvent-proof, polypropylene handle provides a large, contoured series of nylon bristles to cover curves and open areas, while the short, extra-stiff, narrow line of bristles tackles the really tough crud. Gets into choke tube threads, down inside actions, and corners on shop machinery. Enough bristle backbone to remove greasy gun dirt, yet won't scratch delicate blued surfaces. We've used them with d'Solve™, EZ-Soak™, WD-40, Hoppes, Shooter's Choice, and other solvents on everything from fine customs to neglected, black powder guns.

SPECS: Handle - Solvent-resistant polypropylene, O.D. green. Bristles - Nylon. 7" (17.8cm) long. Meets Mil Spec 129J. NSN# 1005-00-494-6602.

## BROWNELLS

## HEAVY-DUTY GUNSMITH BRUSHES

Stainless Steel, Brass Or Nylon Bristles Stitched-In Wood Handle

Our finest, small cleaning brushes. Stainless steel stitching laced all the way through the handle keeps the bristles in place and prevents pull-out under even the heaviest use. Made for the aircraft industry to exceed mil specs so you know they'll last in the gun shop too. Handle is 7-ply, no split laminate that stands up to all solvents and hard scrubbing. Available in three bristle materials to suit any job. **Stainless Steel (C)** - Crimped wire that holds its shape well. Fantastic for parts washing and also an excellent choice for removing welding scale in tight corners (like bolt knob jobs!). **Stainless Steel (S)** - Straight wire that gives a slightly softer scrubbing action but still holds its shape even with repeated use. Excellent for scrubbing and degreasing parts in solvent prior to polishing and refinishing. **Brass** - Straight wire for a more gentle action that still gets through built-up grease, oils and fouling. **Nylon** - Tough, black nylon provides no-scratch cleaning of surfaces and recesses.

**SPECS:** All four have: .005" (127mm) diameter bristles; 3 rows of 1/16" (1.1mm) long bristles set 3/16" (9.6mm) wide, 1 1/8" (3.5cm) long. 7 1/4" (19.7cm) long overall.

## OTIS

## ALL PURPOSE BRUSHES

Have The Right Brush On Hand For The Toughest Cleaning Job

Nylon, bronze or stainless steel bristles means you will always have the correct brush on hand even for the toughest cleaning requirement. Flexible, double-ended design is best around in the shop; can be put to dozens of uses cleaning, polishing and restoring. Blue or white nylon takes care of fresh carbon or powder residue inside or out but won't scratch your firearm's finish. Nylon can also be used on wood without damage. Bronze cleans more stubborn residue on metal surfaces that require more aggressive scrubbing action like inside slides, receivers or locking lugs. Stainless steel is best for aggressive cleaning of fouling other brushes won't touch. Use stainless steel on interior surfaces only because it will scratch and mark most gun steels and finishes. **SPECS:** Unbreakable handle, 7" (17.7cm) long. Single row bristles on small end, triple row bristles on large end. **Variety Pack** contains one (1) each stainless steel, bronze, and white nylon brush. **Variety Bulk Pack** contains three (3) each of the stainless steel, bronze, and white nylon brushes, for a total of 9 brushes.

## BIRCHWOOD CASEY

## ANGLED CLEANING BRUSHES

Gets Into The Tight Spots Where Fouling Builds Up

Angled shanks make these little brushes shaped like precision dental instruments to get into those hard-to-reach nooks and crannies on all kinds of firearms. 3-pak includes two brushes with stainless steel wire bristles and one with less aggressive nylon strands. Long wooden handles with steel tube shanks provide comfort and plenty of backbone to handle tough scrubbing jobs. Stiff, stainless steel bristles work best for removal of fouling that other brushes won't tackle, such as stubborn carbon and burnt-in powder deposits, even welding scale. Use only on interior surfaces or prior to polishing and refinishing as these bristles will scratch most gun steels and surface finishes. Nylon bristles work well for most general cleaning applications and with today's new generation bore cleaners that can chemically attack brass and bronze bristles.

**SPECS:** Wooden handle, steel shank, stainless steel (SS) or nylon bristles. Pak includes (2) SS and (1) nylon brush. OAL: SS - 5 1/4" (20.9cm) and 6 1/8" (20.9cm); Nylon - 6 1/8" (16.8cm). Brush Head - 3/16" (7.1mm) long, 1/8" (3.2mm) wide, 1/16" (1.6mm) thick.

## SUPER-DUTY PIPE CLEANERS

Unique Bristled Cleaners Scrub Holes, Slots & Grooves

The best cleaners we've found for pin and screw holes as well as slots and grooves. Recommended to us by Thomas Getzen, they have tough plastic bristles worked into traditional pipe cleaners. Think of them as tiny scrub brushes with built-in mops. After the bristles loosen dirt and fouling, the mop holds all that crud and carries it out of the hole. Available in 360 Pak or box of 720. **SPECS:** 6" (15.2cm) long x 1/8" (3.2mm) diameter.

## BEAR METAL

## G-TIP COTTON APPLICATOR

Wound Tight For Hard Use

Industrial strength cotton swabs are wound tight to withstand serious gun cleaning. Makes easy work when cleaning and lubricating barrel chambers, bores, bolt lugs, and numerous other jobs. Low lint design doesn't leave behind fibers when applying stock finish. **Round** swabs with wooden dowel handle and round cotton head on one end are perfect for touch-up bluing without creating a mess. **Pointed** swabs provide easy access to corners and other hard to reach areas. Stiff, polypropylene handle provides maximum flexibility without breaking. Available in small and large diameter. **SPECS:** Cotton tip. **Round** - Wooden handle. 2 1/8" (7.3cm) long x 3/16" (3.6mm) dia. **round head. Mini-Pointed** - Polypropylene handle. 3" (7.6cm) long x 1/8" dia. (3mm) pointed head. **Pointed** - Polypropylene handle. 3 1/2" (7.9cm) long x 3/16" dia. (4mm) pointed head. Available in 100-Paks.

**NEW!** BIRCHWOOD CASEY  
BUCKET O' NYLON CLEANING BRUSHES

You'll Never Run Out of Double-Ended Nylon Cleaning Brushes Again!

BC has finally solved the old "Where did I leave that cleaning brush?" and "I need a clean brush except... they're all dirty" and similar problems with this handy 25-count tub of double-ended nylon "toothbrush"-style cleaning brushes. Probably the handiest cleaning item on any bench or in any range bag! Comfortable ergonomic handle gives you good control, and the nylon bristles are gentle enough to use on delicate bluing (but, you know, test on a small area first) yet stiff enough to provide adequate cleaning action to get the gunk out. So get a bucket o' brushes for your bench and always have a clean, fresh brush ready within reach!

## CALBICO

## CHANNEL CLEANING TOOL

Non-Marring Tool Gets Gunk Out Of Tight Crevices

Made of non-marring, reinforced polymer material, this tool looks simple yet does so much by easily eliminating the primary cause of firearm malfunctions - the buildup of carbon residue. Different-sized tips at each end are optimized for reaching into channels, grooves, and slots often found on all types of firearms that can be so difficult to clean thoroughly without damaging the gun's finish. The edges and corners of the tool tips thoroughly clean all the surfaces. Textured handle gives you a comfortable, non-slip grip.

#100-016-580 Channel Cleaning Tool, 9H8E24... \$ 9.99

REAL AVID ACCU-GRIP  
CLEANING BRUSHES & PICKS

Variety of Sizes & Shapes To Make Short Work Of Fouling Lodged in the Tightest Crevices

Have you been relying for years on a hodge-podge of miscellaneous brushes, to clean the crud out of the deep crevices of your firearms? It's time to get a set of cleaning tools, brushes, and cleaning picks specially designed just for cleaning guns. Real Avid's tools have ergonomic handles that sit comfortably in the hand and give you excellent, pinpoint control for detailed cleaning in even the hardest-to-reach spots - and their all-polymer construction won't scratch any gun's finish. There are 8 different picks to choose from (on 4 double-ended tools) and 4 brush styles/shapes on two double-ended brushes. They're all tough on the crud but gentle on the metal.

## BROWNELLS EXTRA-LENGTH COTTON SWABS

Plenty of Length To Apply Anything, Anywhere

Extra-length, Polypropylene handle gives you plenty to hang onto when reaching up inside short and magnum-length rifle actions and barrel chambers. Use the cotton applicator tip to clean, lubricate, touch-up bluing, and for countless other jobs around the gunsmith shop. Works great for stock finishing; gets into those hard to reach, inletted areas around the tang, trigger and magazine. Won't leave lint fibers, brush bristles or fingerprints behind. **USA**  
**SPECS:** Cotton tip, Polypropylene handle. 8" (20.3cm) or 16" (40.6cm) long. Sold in 100-Paks.

- #080-000-255 8" Cotton Swab, 100-pak, 5H11Q00 . . \$ 12.99
- #080-000-256 16" Cotton Swab, 100-pak, 5H13155 . . 15.99

## RAMRODZ BENCHTOP KIT

Big Box Of Tough, Absorbent Swabs For Cleaning Nooks & Crannies

Swabs with sturdy wooden shanks have absorbent cotton tips that reach into barrels and other tough-to-clean spaces to get the gunk out - won't leave lint behind either! Clear plastic box contains assorted size swabs for popular calibers; lets user instantly see how many are left. Internal dividers keep different-sized swabs separate and organized.  
**SPECS:** 400 total swabs. 100 - .22/.223/5.56mm; 60 - 9mm/.38/.357/.380; 50 - .40 cal./10mm; 40 - .44/.45 cal.; 30 - .50 cal.

- #100-016-579 Ramrodz Benchtop Kit, 7C25Q98 . . . . . \$ 32.99

## BROWNELLS/RUSTY'S RAGS SILICONE CLEANING CLOTH

Protects & Preserves Gun Finishes

Extra-thick, silicone-impregnated, sheepskin cloth cleans and protects your valuable firearms so they'll stay looking like new. Advanced silicone formula easily removes corrosive fingerprints, dirt, dust, and grime, making it ideal for wiping down your firearms before they go back in the case or on the gun rack. Leaves behind a long-lasting, protective film for advanced moisture resistance and rust protection. Works on wood, metal, and plastic surfaces. Features a 1/2" thick, super-soft sheepskin pad with leather backing, plus a flannel cloth to help wipe away any excess silicone. Includes instructions and plastic bag for convenient storage. **USA**

- #080-000-788 Silicone Cleaning Cloth, 8K11L07 . . . . . \$ 11.99
- #080-000-821 Silicone Rifle Cleaning Cloth, 5C13L49 . . 14.99

**SILICONE GUN OIL** - Just a few drops of this low-viscosity silicone oil replenish and renew your silicone cleaning cloth to give your gun's finish a fresh, lustrous appearance. Convenient flip-top bottle is easy to use at the bench or in the field.

- #080-000-794 Silicone Gun Oil, 8K8A41 . . . . . \$ 9.99

## GUN & REEL SILICONE CLOTH

Removes Rust-Causing Fingerprints & Restores Luster To Gun Finish

Silicone-impregnated 100% cotton flannel cloth provides a handy, final wipe down after cleaning and helps protect the luster of firearm finishes. Returns a brilliant sheen to your gun's surface, while removing finger marks and the oils from the skin that cause corrosion. Provides a layer of rust-inhibiting silicone to protect your gun's finish. 14.4" x 15" size. **USA**

- #749-000-636 Birchwood Casey Silicone Cloth, 5C5F67 . . \$ 6.99

## FLITZ MICROFIBER POLISHING CLOTH

Leaves A Streak-Free & Lint-Free Luster

Made of a polyester and polyamide blend, these durable, high-quality microfiber polishing cloths deliver a streak-free luster on fine gun finishes. The ultra-thin, wedge shaped microfibers are 100 times finer than a human hair and electro-statically charged to attract grime and liquid and lock them into the fabric. Excellent for deep cleaning of fine, stock finishes and for removing grease, oil, dust, and fingerprints from high gloss, blued finishes. Absorbs four times its weight and works on virtually all surfaces, wet or dry. Machine washable and reusable up to 500 times. **USA**  
**SPECS:** Polyester and polyamide blend. 16" (40.6cm) long x 16" (40.6cm) wide. Grey.

- #100-013-084 Microfiber Polishing Cloth, 4A3A88 . . . . . \$ 4.69

## RUSTY'S RAGS SHEEPSKIN CLEANING CLOTH

Lamb's Wool Cloth Perfect For Applying Silicone Protectant

Natural sheepskin cloth has the perfect "fuzzy" texture to reach all those hard-to-get-at nooks and crannies that ordinary silicone cloths can't get into. Simply impregnate the Rusty's Rag with your favorite silicone-based protectant to guard gun finishes from the harmful effects of fingerprints, rust, and normal handling. **USA**  
**SPECS:** 100% Canadian sheepskin. 8" (20.3cm) long x 4" (10.2cm) wide.

- #100-004-995 Sheepskin Cloth, 5C21D05 . . . . . \$ 22.99

## "T" SHIRT SQUARES

Soft, Absorbent, Classy Rag, Eliminates Robbing The Underwear Drawer

Now, when you need the perfect, 100% cotton wiping or cleaning rag you won't have to reach for your favorite old "T" shirt. These high-quality, cleaning and wiping squares are knitted, not woven, from 5.3 oz., heavyweight cotton material that will not ravel, lint or string apart, even after repeated washings. Convenient 12" x 12" size is just right for polishing, cleaning, staining and finishing applications, plus shop cleanup and dusting. Highly absorbent right from the package, not treated with silicone or fillers; becomes even softer and more absorbent, wash after wash. **USA**  
**SPECS:** 100% cotton, 12" (30cm) x 12", Pack of 3 dozen.

- #856-112-036 "T" Shirt Squares, 6E23C61 . . . . . \$ 26.99

## BIRCHWOOD CASEY GUN SCRUBBER™

High-Pressure, Super-Cleaning Spray Solvent

High-pressure stream of cleaner blasts out caked dirt, oil, grease, and fouling without disassembly. Eliminates jams and malfunctions caused by dirty mechanisms without time-consuming field strip operations. Synthetic-safe solvent is specially formulated not to attack wood, rubber, laminates, or any other material used in modern firearms. The perfect solvent for polymer-framed pistols; even safe for multi-color camo patterns and molded-in colors. Air dries immediately and leaves no residue. **USA**  
**SPECS:** 10 oz (283g) or 13 oz (368g) aerosol cans.

- #167-000-021 Gun Scrubber, 10 oz. 5C6E93 . . . . . \$ 8.59
- #167-000-022 Gun Scrubber, 13 oz, 5C8E32 . . . . . 9.79
- 10 or More - Utility Brush, 7K1H90 . . . . . \$ 2.50

## BROWNELLS TCE DEGREASER

Powerful Degreaser In A Big Spray Can

Cuts through grease, wax, dried oil, even silicones, and lifts them away. Dries clean with little-to-no residue. Extra-large can gives a low-pressure, high-volume stream - the easiest way to get the cleaning power into recesses and corners with minimum disassembly time. Ozone-safe replacement for Trichloroethane. Will damage some stock finishes and paints. Use with adequate ventilation; gloves and eye protection are recommended. **USA**  
**SPECS:** 24 oz. (672 g) net contents. Cannot ship outside Continental U.S. Ships UPS or FedEx Ground only within U.S.

- #083-060-024 TCE Aerosol, 3H13M58 . . . . . \$ 16.49

## HOPPE'S CLEANER/DEGREASER

Blasts Away Grease, Oil & Crud From Metal Parts

Excellent for cleaning actions; or general shop cleaning. Extender tube gets solvent into hard-to-reach areas. Dries in seconds, leaves surface clean and dry. **USA**  
**SPECS:** Aerosol, 11 oz. (312g). No CFCs or carcinogens.

- #699-000-001 Blast & Clean Degreaser, 7K5H23 . . . . . \$ 6.19

## BROWNELLS TANK SOLVENT

Dissolves Grime, Crud, In Scrub Or Soak Tanks

High grade, petroleum-based solvent formulated for bench top Cleaning Stations, or any convenient bucket. Use for slow soak dunk and scrub, or any way you like. Contains special organic additives designed to dissolve that gummy combination of powder fouling, dirt and old gun oil, then hold the crud in suspension so it flushes away easily. Leaves a slightly oily coating to protect against rust. Almost odorless. Stable and non-corrosive. Extremely slow evaporation; stays in your tank. Removes easily with Dicro-Green 909™; won't mess up future bluing/plating jobs. Can damage paint, plastic and some stock finishes. **USA**  
**SPECS:** 1 gal. (128 fl. oz./3.8 L) in metal can, 5 gal. (640 fl. oz./18.9 L) in bulk container. Not for use in "Washboard" parts washer.

- #083-034-128 1 Gallon Tank Solvent, 5L56G15 . . . . . \$ 68.99
  - #083-034-640 5 Gallons Tank Solvent, 5L192J52 . . . . . 230.99
- Cannot ship outside Continental U.S. Shipped UPS or FedEx Ground only within U.S.

## REMINGTON REM™ ACTION CLEANER

Spray Cleans Without Disassembly

Completely dissolves grease, petroleum and synthetic-based oils and lubricants. Air dries quickly; leaves a clean, dry surface. No CFC's. **USA**

- #768-183-980 REM Action Cleaner, 8F6C11 . . . . . \$ 7.29

## SHOOTER'S CHOICE POLYMER SAFE QUICK-SCRUB ACTION CLEANER

Dissolves Oil, Grease & Powder Won't Hurt Metal Or Plastics

Flushes away powder fouling grease, oil and soft, carbon buildup without damaging surfaces. Ideal for polymer-framed pistols and synthetic-stocked rifles. Completely harmless to bluing, paint finishes, even delicate optics. Evaporates fast, you can clean without disassembling. **USA**  
**SPECS:** 12.5 oz. (354g) aerosol with extension tube.

- #934-000-006 Polymer Safe Cleaner, 4C9H86 . . . . . \$ 11.99

## IOSSO PRODUCTS FIREARM PARTS CLEANER/ DEGREASER

Serious, Industrial-Grade Cleaner That's Enviro-Safe AND Gets the Job Done

Iosso's product doesn't come in fancy packaging - because it doesn't have to. It proves itself every time you put it to work by penetrating and loosening powder fouling, carbon build-up, dried heavy and grease oil, and other gunk that can prevent guns from doing what they're supposed to. AND it works fast because... who has time to sit around and wait for a weak solvent that works slower than erosion? You can spray this stuff on or soak the part to be cleaned, then rinse with clean water and wipe down with a rag. It is an excellent solvent for use in ultrasonic cleaning machines, too. Rather than petroleum-based like traditional cleaners, it is made from natural planet extracts, so it's biodegradable, with a high flash point and low VOC. Safe for the environment; USDA certified as bio-based. **USA**

- #073-000-033 Gun Parts Cleaner/Degreaser, 1 Gal., 3G20149 . . . . . \$ 24.99

## BREAKTHROUGH CLEAN MILITARY-GRADE SOLVENT

Breaks Up Fouling But Safe For Stocks & Finishes

H<sub>2</sub>O-free, distilled petroleum solvent breaks up fouling for easy cleaning without harming wood, plastics, polymers, Cerakote or hydroprinted finishes. Non-staining and odorless, MGS evaporates completely and leaves no residue behind, so it helps reduce both the duration and frequency of cleaning. Spray bottles make for easy application to patches, brushes, or directly to a surface to be cleaned. **USA**

- #100-016-981 Military-Grade Solvent, 2 oz., 4G6K23 . . . \$ 8.95
- #100-016-982 Military-Grade Solvent, 6 oz., 4G11174 . . . 15.95
- #100-016-983 Military-Grade Solvent, 16 oz., 4G20B72 . . 26.95

## BREAK-FREE CLEANING PRODUCTS

Powerful, Effective Cleaning, Lubrication & Preservation  
Without The Hard Work

**CLP** - A super cleaner, lubricant, preservative containing Teflon and other specialized chemicals. Penetrates and displaces corrosion, dirt, firing residue and water. Keeps on working after application as a fantastic lubricant. Guns and parts treated and cleaned with it are never "degreased" — so there's no chance of rust forming. In lab tests, Break-Free removed 98% of all firing residue and withstood over 100 hours in a 5% salt spray test with no evidence of corrosion. Provides lubrication at temperatures from -65°F to +475°F without gumming up or breaking down. CLP has been assigned Mil Specification MIL-L-63460. **SPECS:** 1/2 oz. (7.5ml) syringe applicator; 1/2 fl. oz. (19 ml), 2 fl. oz. (60 ml), or 4 fl. oz. (118 ml) plastic dropper bottles; 4 oz. (113 g) or 12 oz. (340 g) aerosol; 16 oz. size w/pump sprayer; 1 gallon (128 fl. oz./3.8 L).

- #102-100-023 Break-Free CLP**, 1/2 fl. oz. Bottle, 6K3B96... **\$ 5.99**  
**#100-003-847 Break-Free CLP**, 2 fl. oz. Bottle, 6K4G93... **5.99**  
**#102-100-003 Break-Free CLP**, 4 fl. oz. Aerosol, 6K6A26... **7.99**  
**#102-100-004 Break-Free CLP**, 4 fl. oz. Bottle, 6K7A19... **7.99**  
**#102-100-012 Break-Free CLP**, 12 fl. oz. Aerosol, 6K11Q04... **13.99**  
**#102-100-016 Break-Free CLP**, 16 fl. oz. Pump Spray, 6K19D49... **24.99**  
**#102-100-128 Break-Free CLP**, 1 Gallon (128 fl. oz) Jug, 6K00LTD... **99.99**

**LP** - Lubricant and preservative prevents corrosion and gives smooth, consistent cycling of autoloading weapons. Originally developed to keep heavy automatic weapons functioning during sustained fire. Won't break down under high temperature and pressure. Reduces friction and prevents galling on stainless steel. Penetrates firing residue to stop fouling buildup, inhibits rust and corrosion.

**SPECS:** 4 fl. (118 ml) bottle.

- #102-000-001 Break-Free LP**, 4 fl. oz. Bottle, 6K7Q99... **\$ 9.48**

**POWDER BLAST** - High-pressure aerosol solvent blasts away the toughest powder residue, grease and oil buildup in one easy step. Fast, easy-to-use and environmentally safe. A must-have for high volume or competition shooters. Included straw allows access to those hard-to-reach areas. Contains citrus oil as the active ingredient, will not harm most finishes.

- #100-004-401 Powder Blast**, 6K8B78... **\$ 10.85**

## BREAKTHROUGH CLEAN BATTLE BORN HIGH PURITY OIL

Keeps Your Gun Running Smoothly,  
No Matter What Mother Nature Dishes Out

Ultra-pure synthetic oil delivers maximum firearm lubrication and protection in extreme operating conditions to keep your gun running. Embedded with the most effective extreme pressure, corrosion inhibitors, anti-oxidant, anti-foam, and anti-wear additives, Battle Born oil keeps functioning in the most extreme temperature conditions, from -90°F to +417°F. Safe to use on all metal and plastic parts. And biodegradable, water/steam-resistant, friction/wear-reducing, non-flammable, non-toxic, non-straining, minimal odor.

- #100-018-308 High Purity Oil**, 2 oz., 4G6F99... **\$ 8.29**  
**#100-018-309 High Purity Oil**, 6 oz., 4G14H06... **15.29**

## BREAKTHROUGH CLEAN BATTLE BORN GREASE

Keeps Moving Parts Gliding  
Smoothly, Regardless Of  
Ambient Temperature

A clean, versatile, premium-quality, light grease fortified with sub-micron size PTFE to keep moving gun parts gliding smoothly. Blended completely with pure synthetic base oils, additives and shear-stable thickeners to provide maximum protection in extreme operating temperatures (-75°F to +510°F). Not just for firearms - use on knives, fishing reels, and bows, too. Water/steam-resistant, non-melting, non-flammable, non-toxic, non-straining, minimal odor. Available in handy, precision-applicator 12cc syringe or 4 oz. jar.

- #100-018-310 BB Grease**, 12cc, 4G10M06... **\$ 11.89**  
**#100-018-311 BB Grease**, 4 oz., 4G15Q88... **17.39**

## HORNADY ONE SHOT GUN CLEANER & DRY LUBE

Easy To Apply, Powers Off the Gunk & Leaves an  
Ultra-Thin, Permanent Lubricant

Here's a great cleaner that's easy to apply, reduces friction, and powers off grit, grime and gunk. Great for use on your firearms, loading presses, tools, etc. Of course, a generation of handloaders has relied on One Shot as a case lube for resizing - and it still does that job perfectly. The aerosol spray will enable you to cover a much larger area than a conventional dropper bottle or oil applicator. One Shot Cleaner & Dry Lube leaves behind an ultra-thin, permanent lubricating and corrosion-fighting film that's impervious to heat, cold, or build-up carbon/powder fouling.

- #749-001-143 One Shot Gun Cleaner**, 7 fl. oz., 9D9L40... **\$ 9.79**  
**#100-031-858 One Shot Gun Cleaner**, 10 fl. oz., 9D13G89... **14.99**

## G96 GUN TREATMENT

"This Is Good Stuff!"  
- Brownells Gun Tech™ Approved

Yes, that's what one of our grizzled, "been there, done that, got the t-shirt" Gun Techs who's pretty much seen everything said about G96. Who loves cleaning guns? OK, may there's somebody out there (there's one person in every group, right?). Most of us want to get it done and get back to the range. G96 is a unique one-and-done product that cleans, lubricates, and protects guns in one step. The lubricant will not oxidize, freeze, or evaporate over time, and it'll keep working at temps as low as -50 deg. F. or as high as 350 deg. F (basically the temp for baking a cake). Even more important, it has magnetic properties, so it sticks where it's supposed to and protects your gun from rust and metal-on-metal wear. It even guards against fingerprint damage on frequently handled guns. No solvents or additional preservatives needed, and your workbench doesn't have to look like a teenage girl's makeup shelf!

- #100-033-171 G96 Gun Treatment**, 4.5 fl. oz., 6G8L12... **\$ 11.49**  
**#100-033-172 G96 Gun Treatment**, 12 oz., 6G12N63... **16.49**

## HOPPE'S BLACK CLEANING/LUBRICANT PRODUCTS

Keeps MSRs & Other  
High-Round-Count Guns  
Running Smoothly - Even  
in Extreme Operating  
Conditions

Hoppe's Black is a coordinated line of cleaning products developed to work together to keep modern sporting rifles ("Black" rifles) - and in fact, ANY high-quality firearm - working smoothly and reliably, with minimal wear on moving parts. Black products are designed to be applied in a sequential 5-step process, so that when you're done, the result is a thoroughly clean gun: (1) **Gun Cleaner** has an advanced formula that's engineered specifically to quickly cut through carbon buildup on high-round-count firearms - yet still be safe enough to use on any bore. Copper fouling presents special problems, particularly in today's high-velocity tactical rifles and service pistols, so (2) **Copper Cleaner** is specially formulated to remove the tenacious residue left by jacketed bullets. (3) **Precision Oil** is formulated to stand up to extreme operating temperatures in high-round-count firearms (see a theme developing here?) without breaking down. How extreme? This rust-inhibiting lubricant withstands temperatures as low -65° F without gumming up and as high as 540° F without breaking down. Safe for wood and synthetic stocks. Good stuff. A little of the synthetic polymer (4) **Gun Grease** on the critical moving parts really decreases the wear and tear that can shorten your gun's service life. Maintains its lubricating properties through the same temperature range as the Precision Oil. Syringe allows pinpoint precision in application. (5) **Lubricating Cloth** is treated with Black Precision Oil, so it's excellent for giving a freshly cleaned gun a quick wipe-down (and get rid of those nasty, corrosion-causing fingerprints!). Generous 11" x 14" size gives plenty of coverage.

- #699-000-042 Black Gun Cleaner**, 6 oz., 7K7E59... **\$ 7.99**  
**#699-000-045 Black Copper Cleaner**, 4 oz., 7K7H59... **7.99**

**#699-000-047 Black Lubricating Cloth**, 7K5P69... **5.99**

## MIL-COMM PRODUCTS COMPANY WEAPON CARE PRODUCTS

Superior Cleaning &  
Lubrication For  
Extreme-Use Weapons

Proven performance in extreme temperatures and on a wide variety of weapon types has earned these synthetic lubricants the approval of the U.S. Military, defense contractors and foreign militaries. Specially formulated lubricants minimize the accumulation of sand, dust and powder fouling to keep your firearms in fire-ready condition. Provide superior corrosion protection for all firearm metal in all types of environments. **TW25B Grease** is available in a re-sealable syringe or squeeze tubes and is recommended for heavy wear parts, exposed areas, and for bore protection. Self-migrating **MC2500 Oil** is available in needle-nose syringe or pump spray bottle making it the perfect lube for trigger mechanisms and hard-to-reach areas. **MC25 Cleaner Degreaser** is available in a pump spray bottle and breaks down gun lubricants and burnt-in powder residue on contact with a non-acidic, not-toxic, water-based formula.

## KG SYSTEMS GUN CLEANERS & LUBRICANTS

Essential Cleaners & Protectants  
Extend Firearm Life &  
Improve Function

Specifically formulated cleaners, lubricants, and preservatives efficiently remove the by-products of firearm function and help prevent further contamination and buildup. All KG liquids include a convenient twist-open, pinpoint applicator spout with snap-top cap to help prevent spills and conserve product.

**KG1 CARBON REMOVER** - Breaks down the carbon residue present in the bore and breech after firing. Proper use melts away all traces of carbon including carbon stains left on revolver cylinder faces, and caked-on carbon in blackpowder bores.

**SPECS:** Liquid, 4 oz. (118ml).

- #665-000-005 KG1 Carbon Remover**, 5F6F06... **\$ 7.19**

**KG2 BORE POLISH** - Mild abrasive gently polishes the bore clean, but leaves embedded copper in the steel's micro fractures as recommended by top barrel makers. Proper use leaves your prized bore even smoother than before and eliminates the need for "fouling shots."

**SPECS:** Liquid, 4 fl. oz. (118ml).

- #665-000-006 KG2 Bore Polish**, 5F12P16... **\$ 15.29**

**KG3 SOLVENT DEGREASER** - High-pressure, non-chlorinated, ozone-safe formula effectively cuts away all petroleum or synthetic-based greases, oils, lubricants, and loosened bore contaminants. Evaporates quickly, displaces moisture, leaves no messy residue or film. May damage some stock finishes.

**SPECS:** Aerosol, 19 fl. oz. (560ml).

- #665-000-007 KG3 Solvent Degreaser**, 5F9J53... **\$ 11.29**

**KG4 GUN OIL** - Outstanding corrosion protection and lubricating properties; meets MIL-L- Spec 63450. Contains no synthetics; keeps carbon and firing residues in suspension to allow for fast, easy cleaning.

**SPECS:** Liquid 2 oz. (59ml).

- #665-000-008 KG4 Gun Oil**, 5F5K70... **\$ 7.29**

**KG12 BIG BORE CLEANER** - Water-based, ammonia-free formula gently loosens copper buildup and prepares the bore for final cleaning.

**SPECS:** Liquid, 4 oz. (118ml)

- #665-000-009 KG12 Big Bore Cleaner**, 5F10J99... **\$ 10.99**

**SPECS:** TW25B Grease - 1/2 oz. syringe, 1 1/2 oz. or 4 oz. tube. Rated for -90°F (-67°C) to 450°F (232°C). MC2500 Oil - 4 oz. syringe or 2 oz. pump spray bottle. Rated for -85°F (-67°C) to 450°F (232°C). MC25 Cleaner Degreaser - 4 oz. pump spray bottle.

- #100-003-115 TW25B Grease**, .5 oz. Syringe, 1B12B42... **\$ 14.95**  
**#100-003-336 TW25B Grease**, 1.5 oz. Tube, 1B15G04... **17.55**  
**#100-003-337 TW25B Grease**, 4 oz. Tube, 1B31J30... **36.95**  
**#100-003-116 MC2500 Lubricant Protectant Oil**, 4 oz. Syringe, 1B12D42... **14.95**

## LUCAS OIL CLEANING & LUBRICATION PRODUCTS

Powerful, Long-Lasting Cleaning/Lubrication/Rust Preventive Products For All Your Guns

**GUN OIL** - Blend of oil and petroleum-extracted additives forms a resilient polymeric film that protects metal from rust, wear, and moisture in all weather. Makes clean-up of powder residue, copper fouling, and wad fouling much easier. Resists burn-off and cut through rust to free stuck parts. Even neutralizes acids from fingerprints. Resists drying, so it's excellent for long-term storage use. Great for compound bows, too.

- #100-015-898 Lucas Gun Oil, 2 oz., 5C2F95 ..... \$ 3.59  
#100-015-899 Lucas Gun Oil, 2 oz./18-Pak, 5C45G72 ..... 61.99

**EXTREME DUTY GUN OIL** - High-heat, burn-off resistant formulation is ideal for hard-cycling semi- and full-auto firearms. Produces a polymeric film protects metal from moisture and rust, while also dramatically reducing friction and wear during high-volume shooting. Wide working temperature range of -38 to +400° F means you gun stays protected even in extreme operating conditions. A light coat in the bore and on bolt carriers, gas pistons, and suppressor baffles greatly eases clean-up of powder residue, carbon, and copper fouling. Viscous consistency resists blow-back, keeping oil off your face and glasses. Neutralizes acids from fingerprints, so it's an excellent protectant for long-term storage. Sold in a variety of container sizes, including handy go-anywhere 4mL packets that contain just enough oil to service one firearm.

- #100-016-021 Extreme Gun Oil, 1 oz., 5C4P89 ..... \$ 5.49  
#100-016-011 Extreme Duty Gun Oil, 4 oz., 5C7C82 ..... 8.99

#100-015-896 Extreme Gun Oil, 8 oz., 5C12I07 ..... 14.09  
#100-015-897 Extreme Gun Oil, 8 oz./12-Pak, 5C134G75 ..... 167.99  
#100-015-932 Extreme Gun Oil, 1 Gallon, 5C65C27 ..... 79.99

**PRECISION APPLICATOR BOTTLE** - Pin-point needle applicator squeeze bottle helps you apply just enough oil exactly where you need it. Save money by buying your favorite Lucas oil in large bottles and transferring it to this small bottle for daily use. Enables one-drop application, so you get just the right amount of lubricant, solvent, or other liquid into hard-to-reach areas. Ideal size for tool box or range bag, while the rubber cap's tight seal keeps the contents inside. Same 1 oz. plastic bottle that comes with Lucas Extreme Duty Gun Oil and Fishing Reel Oil.

- #100-016-014 Applicator Bottle, 3-Pak, 5C11Q72 ..... \$ 16.99

**EXTREME DUTY GUN GREASE** - Premium, heavy-duty grease is formulated to protect guns from heat, friction, and corrosion under the severest operating conditions. Has a smooth, tacky consistency, ensuring it stays where you apply it. Prevents rust and corrosion from rain and moisture in fresh and salt water environments. Withstands extreme pressures and cushions metal surfaces with an 80 lb. Timken load, while 35 lb. is the minimum industry standard.

- #100-017-501 Extreme Duty Gun Grease, 1 oz., 5C7F95 ..... \$ 9.19  
#100-017-502 Extreme Duty Gun Grease, 1 oz./6-Pak, 5C41B33 ..... 48.00

**FISHING REEL OIL** - Extends the superior protection of Lucas's firearm products to your fishing gear - and firearm applications where you need a light, smooth-flowing lubricant. Penetrating formula lubricates all moving parts in fresh and salt water fishing reels for smooth operation and excellent rust protection. One-drop applicator ensures you get just the right amount of lubricant in hard-to-reach areas.

- #100-015-900 Fishing Reel Oil, 1 oz., 5C4M57 ..... \$ 6.99

**EXTREME DUTY CLP** - Deep-penetrating cleaner/lubricant contains high-grade additives that dissolve powder residue, old lubrication, and other contaminants for fast cleaning in the field. Frees stuck parts and speeds routine cleaning so it's less of a chore. Contains anti-wear additives that reduce friction and wear, while a super-slick waterproof film leaves behind a microscopic barrier against rust and corrosion to help extend the life of your gun.

- #100-017-508 Extreme Duty CLP, 4 oz., 5C6A17 ..... \$ 6.89  
#100-017-509 Extreme Duty CLP, 4 oz./12-Pak, 5C69L42 ..... 89.99  
#100-017-510 Extreme Duty CLP Aerosol, 11 oz., 5C8E12 ..... 9.09  
#100-017-511 Extreme Duty CLP Aerosol, 11 oz./12-Pak, 5C87E77 ..... 119.99

**EXTREME DUTY BORE SOLVENT** - Powerful cleaning formula penetrates deep to remove bore fouling, while leaving behind a micro-thin coat of rust and corrosion inhibitors. Easily removes carbon and powder residue, plus copper and lead fouling. Safe on polymers and factory applied firearm finishes. Excellent for use in ultrasonic cleaners and requires no mixing, rinsing, or oil dip after cleaning. Minimal odor; no ammonia, kerosene, or water.

- #100-017-503 Extreme Duty Solvent, 4 oz., 5C5B46 ..... \$ 6.49  
#100-017-504 Extreme Duty Solvent, 4 oz./12-Pak, 5C64H65 ..... 88.99  
#100-017-505 Extreme Duty Solvent, 16 oz., 5C12K35 ..... 14.99  
#100-017-506 Extreme Duty Bore Solvent 16 oz./12-Pak, 5C157F29 ..... 179.99  
#100-017-507 Extreme Duty Solvent, 64 oz., 5C42E14 ..... 50.99

### GUN METAL POLISH & TUMBLER MEDIA ADDITIVE

- Removes stains and rust from metals without hard rubbing or harsh odor. No harsh abrasives, so it safely cleans and polishes blued and stainless steel, nickel, aluminum, and brass, while protecting treated surfaces from oxidation, tarnish, and rust. A great tumbler media additive to remove oxidation, powder residue, fingerprints, and other contaminants from brass and nickel cases. Mix with walnut shell, corn cob, or other tumbling media to reduce cleaning time by half compared to using media alone. Not for use on cold bluing.

- #100-016-012 Gun Metal Polish, 4 oz., 5C6H74 ..... \$ 7.99  
#100-016-013 Gun Metal Polish, 16 oz., 5C12E03 ..... 15.69

**CONTACT CLEANER** - Power-blast cleaner is formulated with a unique blend of solvents and cleaning agents to blast away powder residue, grease, oil, and other gunk from actions, slides, barrels, and other parts. Works great for cleaning contacts on electrical components, too! Displaces water, so it's a great preventive treatment for a gun caught out in a rainstorm. Dries quickly and leaves no residue - ideal for final degreasing prior to bluing, Parkerizing, or spray finish applications.

- #100-015-902 Contact Cleaner, 14 oz., 5C6C61 ..... \$ 7.79  
#100-015-903 Contact Cleaner, 14 oz./12-Pak, 5C73K71 ..... 95.99

## WESTERN POWDERS MONTANA X-TREME™ GUN CARE PRODUCTS

Fast, Thorough Cleaning & Protection  
Of High-Performance Firearms

Complete line of advanced gun care products cleans and protects your fine competition and sporting arms quickly and effectively. Specially formulated for high performance firearms that see extreme use in Cowboy Action, benchrest and shotgun competitions, varminting, law enforcement, and other highvelocity or repetitive shooting situations that cause hard-to-remove fouling.

**BORE SOLVENT** - Powerful, one-step, bore solvent contains ammonia to break down and remove heavy copper and powder fouling fast. Fantastic on built-up fouling in neglected bores. Use during routine cleaning with bore brush and patches.

- #100-005-020 20 oz. Bore Solvent, 2A22C91 ..... \$ 23.99

**COPPER KILLER** - Non-abrasive, industrial-strength solvent has the power to remove the toughest copper fouling from any gun. The secret is its specially formulated ammonia oil that is strong enough to vaporize the stubborn copper fouling but safe enough to leave in the bore for up to an hour. Does not contain acids, amines, or chlorides that can catch the rifling.

- #100-005-022 20 oz. Copper Killer, 7D26G93 ..... \$ 28.99

**"COWBOY BLEND" LEAD & POWDER SOLVENT** - Wipes out heavy leading caused by cast lead, cowboy bullets. Eats through caked-on powder fouling, cuts plastic wad residue, and quickly removes carbon buildup from the throat area. Works equally well to clean choke tubes and revolver cylinders. It's concentrated to work fast, so you have time to clean between stages.

- #100-005-017 20 oz. "Cowboy Blend" Solvent, 2A24E37 ..... \$ 26.49

**GUN OIL** - Lightweight lubricant and rust preventive protects and conditions inside and outside the bore, as well as all other metal surfaces of your gun. Won't dry off in scorching heat or stiffen/gum in subzero conditions. Keeps metal parts slick and reduces friction for long service life. Prevents corrosion and acts as a weather resistant barrier. Works as a bore conditioner to reduce lead and copper buildup and for new barrel break-in. Excellent oil for general wipe down of firearms. Contains no Teflon™.

- #100-005-018 6 oz. Gun Oil, 2A8P97 ..... \$ 9.99

**GUN GREASE** - Specially formulated, load-bearing grease lubricates and waterproofs at extreme temperatures (-50° F to +600° F) to ensure smooth, reliable functioning of all moving gun parts. Reduces friction for clean, hammer/sear release, reliable slide operation, and more. Will not harden or migrate from hot surfaces. Comes in a 10cc syringe for precise application.

- #100-001-578 10cc Gun Grease, 2A7N42 ..... \$ 7.99

### RAND BRANDS RAND CLP™

Eco-Friendly Formula Cleans, Lubricates & Protects

All-in-one cleaner, lubricant and protectant enhances firearm performance and reliability. Vegetable oil base and proprietary blend of nanoparticles enable fast, easy cleaning after the initial pretreatment. Nanoparticles stick tightly to the metal's surface and form a protective shield against rust, carbon, and dirt. Oil lifts the carbon/fouling from the metal so it can easily be wiped away during cleaning. Nontoxic, odorless, and safe on all metals, polymers, and woods.

- SPECS: 4 fl. oz. (118ml) bottle w/dropper top.  
#100-012-487 RAND CLP, 1C11D80 ..... \$ 13.99

### FROGLUBE® CLP

Environmentally-Friendly Cleaner,  
Lube, Protectant

Non-toxic cleaner/lubricant/protectant removes powder residue, carbon, grease, and other corrosion-causing contaminants left on your firearm after firing. Made from 100% biodegradable materials, FrogLube lubricates all points on a firearm including bolts, rails, lugs, and bearing surfaces. When applied to warm metal, FrogLube "seasons" into the surface of the metal to form a slick, protective film that reduces friction and helps prevent corrosion during storage. Once dry, it will not attract dirt and grit like petroleum-based lubricants do. Causes moisture to bead up and roll off on contact. Can be safely applied to plastic, metal, wood, and rubber too.

- #100-008-818 FrogLube Liquid, 4 oz., 2D16B93 ..... \$ 18.89

### TM SOLUTIONS CLEANING PRODUCTS

Effective, Safe Formulas Thoroughly  
Clean, Protect & Lubricate

Carefully blended high-performance maintenance products work together to clean any type of gun, protect it from the ravages of corrosion, and keep its moving parts working smoothly.

**BORE CLEANER** - Water-soluble, ammonia- and petroleum-free solvent is formulated for one thing: getting your gun's bore thoroughly clean down to the bare metal. Effective on any kind of fouling, including carbon, lead, plastic wad, black powder, and even copper fouling, yet is still gentle on the bore surface. Contains no additives that create an impressive smell yet can actually reduce cleaning properties. Will not attack bronze bore brushes, and has a low evaporation rate, so you can scrub without having the brush or patch run dry.

- SPECS: 16 oz. (473 ml) glass bottle.  
#100-004-641 TM Bore Cleaner, 16 oz., 8B25B64 ..... \$ 27.47

**ULTRA BOLT GREASE** - High-performance grease is specially formulated with polymer additives that give it exceptional adhesion properties for superior lubrication of high-load surfaces. Won't thin out or fly off, so it prevents bare metal-to-metal contact that leads to friction, heat build-up, and accelerated wear. Great for "tight" accurized actions.

- SPECS: 10 mL (.34 oz.) plastic syringe dispenser.  
#100-004-643 Ultra Bolt Grease, 8B6L47 ..... \$ 8.99

### BALLISTOL SPORTSMAN'S OIL

Effective, Environmentally Safe Gun Cleaner

Originally created for military use, Ballistol cleans and dissolves powder residue, copper, lead, brass, and zinc. Leaves a lubricating film that protects actions, stocks, and barrels against rust and corrosion, yet won't gum-up or harden over time. Mildly alkaline to neutralize the acids that eat away the insides of barrels. Contains no carcinogens, bio-degradable, and mild odor.

- SPECS: Medical grade mineral oil, alkaline salts of oleic acid, several alcohols, Benzyl Acetate and oil from vegetable seeds. Available in 6 oz. (177.4ml) aerosol, 4 oz. liquid, and 16 oz. (177.4ml) liquid.  
#982-000-002 6 oz. Aerosol Ballistol, 2H6G34 ..... \$ 8.99  
#982-000-004 4 oz. Liquid Ballistol, 2H6C00 ..... 8.99  
#982-000-003 16 oz. Liquid Ballistol, 2H12A69 ..... 17.99

## PANTHEON CHEMICAL M-PRO 7® PRODUCTS

Technologically-Advanced Formulas  
Give High-Performance Results

A great selection of military-grade gun care products to completely clean, lubricate, and protect your entire gun. 🇺🇸

**M-PRO 7 GUN CLEANER** - Gets gun bores squeaky clean and shining but is harmless to all metal surfaces, including titanium, aluminum and stainless steel. Actually breaks down carbon so copper and lead fouling float free; completely odorless, non-flammable, non-toxic, biodegradable and environmentally safe to use. Penetrates hydrocarbon-based greases, oils (will remove oil-based stock finishes) and gun powder residues; strips the metal completely clean with no oily feel. Heat and agitation will accelerate the cleaning action. Can be used as a tank solvent. Not a lubricant.

**SPECS:** 4 fl. oz. (118 ml) or 8 fl. oz. (237 ml) pump spray bottle.

**#945-700-004** 🟢 Gun Cleaner, 4 oz. Spray, 7K9F49. . . . . \$ 9.99  
**#945-700-008** 🟢 Gun Cleaner, 8 oz. Spray, 7K15K19. . . . . 15.99

**M-PRO 7® GUN OIL LPX** - Next-generation formula provides superior lubrication and corrosion protection for advanced military and law enforcement weapons used in extreme operating environments. Produces a thin, long-lasting protective film that repels dust, dirt, and moisture, including salt water. Combines synthetic oils with LPX additives for an extremely low coefficient-of-friction that outperforms traditional gun oils and lubricates from -85° F to +462° F. Surpasses MIL-L-63640 revision "E". Cleaning additives remove surface carbon fouling for quick field cleaning. Resists evaporation, separation, and gumming—excellent for long-term storage.

**SPECS:** 2 fl. oz. (59 ml) or 4 fl. oz. (120 ml) squeeze bottle.

**#593-000-080** Gun Oil LPX, 2 oz., 7K7K19. . . . . \$ 7.99  
**#593-000-081** 🟢 Gun Oil LPX, 4 oz., 7K10L99. . . . . 11.49

**M-PRO 7 TACTICAL GUN CLEANING KIT** - Use the same combat-tested cleaning system on your personal weapons that the United States Armed Forces use for machine guns, grenade launchers, and even the complex weapon systems of the F-16 fighter jet -

all in a compact, rugged, hardshell pack. You get a 4 oz. bottle of M-Pro 7 Gun Cleaner, ammonia-free M-Pro 7 Copper Remover to strip out stubborn copper fouling even on fast-cycling full-auto weapons, and M-Pro 7 Cleaner Lubricant Protectant for superior lubrication and corrosion protection or quick, one-step cleaning in the field. Kit also includes a multi-section cleaning rod with a folding handle; five high-quality bronze bore brushes to fit standard service pistol, rifle, and shotgun calibers; plenty of 100% cotton twill cleaning patches; and other accessories.

**SPECS:** Kit includes: polycarbonate box, black, matte finish; 4 fl. oz. (118ml) Gun Cleaner; 2 fl. oz. (59ml) Cleaner Lubricant Protectant; 2 fl. oz. (59ml) Copper Remover; (1) multi-section cleaning rod with folding handle; (5) bore brushes that fit .22/.223/5.56mm, .308/.30-06/.300 Mag., 9mm/.357/.38/.40, .45/.410 shotgun, <sup>12</sup>/<sub>20</sub> ga. shotgun; (1) shotgun brush adapter; (1) loop; (50) 2 1/2" (6.4cm) square twill cleaning patches; (1) lint-free gun cloth; (1) utility brush; (1) foam gun pad; (1) M-Pro 7 Weapons Maintenance Guide.

**#945-000-021** Tactical Cleaning Kit, 7K00PJC. . . . . \$ 49.99

## SHOOTER'S CHOICE GUN CARE PRODUCTS

Powerful Family Of Cleaners  
- A Formula For Every Kind Of Fouling

**MC-7 BORE CLEANER** - Known to generations of shooters as just "Shooter's Choice," MC-7 dissolves bullet jacket and lead fouling, plus powder/carbon and plastic shotgun wad residues in just one step. No need for separate bore cleaner and oil. Also removes rust and corrosion and serves as a lubricant. Do be careful, it can damage stock finishes on contact. Will soften epoxy bedding materials or discolor nickel plate if left in contact with them. 🇺🇸

**SPECS:** 4 fl. oz. (118 ml) or 16 fl. oz. (473 ml) wide mouth jar. 1 gallon (3.8 L) metal can.

**#934-007-004** 4 oz. Shooter's Choice, 4C00JUQ. . . . . \$ 10.19

**#934-007-016** 16 oz. Shooter's Choice, 4C00QCL. . . . . 21.99

**#934-000-002** 1 Gallon Shooter's Choice, 4C72G14. . . . . 73.99

Cannot ship outside Continental U. S. Shipped UPS or FedEx Ground only within U.S.

**FP-10 LUBRICANT ELITE™** - Reduces friction and wear; will not break down, even at temperatures as high as 500° F. Eliminates most malfunctions caused by friction. Greatly increases lubricity between moving parts without developing sticky buildup or changing tolerances.

**SPECS:** 4 fl. oz. (118 ml) plastic squeeze bottle. 🇺🇸

**#934-110-004** 🟡 FP-10 Lubricant Elite™, 4C8J34. . . . . \$ 9.99

**#934-000-013** 1 Gallon FP-10 Lubricant Elite, 4C75D41. . . . . 99.99

**LEAD REMOVER** - Exclusive, MT-10 metal treatment strips lead deposits from rifle, handgun and shotgun bores without hard scrubbing. Chemical action gets under the lead and lifts it away from the steel without prolonged soaking. Caution: will damage some paint, varnish, and plastics. 🇺🇸

**SPECS:** 4 fl. oz. (118 ml) wide mouth jar.

**#934-004-004** 4 oz. Lead Remover, 4C00MXM. . . . . \$ 9.79

Cannot ship outside Continental U. S. Shipped UPS or FedEx Ground only within U.S.

**COPPER REMOVER** - Extra-strength formula quickly and safely strips all traces of copper or gilding-metal-jacketed bullet fouling from any firearm. Will not harm bore. Use only with nylon brushes. 🇺🇸

**SPECS:** 8 fl. oz. (237 ml), unbreakable plastic jar.

**#934-011-008** 8 oz. Copper Remover, 4C10K00. . . . . \$ 11.99

Cannot ship outside Continental U. S. Shipped UPS or FedEx Ground only within U.S.

**POLYMER SAFE QUICK-SCRUB ACTION CLEANER** - Flushes away powder fouling grease, oil and soft, carbon buildup without damaging surfaces. Ideal for polymer-framed pistols and synthetic-stocked rifles. Completely harmless to bluing, paint finishes, even delicate optics. Evaporates fast, you can clean without disassembling. 🇺🇸

**SPECS:** 12.5 oz. (354g) aerosol with extension tube.

**#934-000-006** Polymer Safe Cleaner, 4C9H86. . . . . \$ 11.99

Cannot ship outside Continental U. S. Shipped UPS or FedEx Ground only within U.S.

**MC#7 EXTRA STRENGTH BORE CLEANER** - Powerful, yet non-abrasive and ammonia-free formula quickly removes copper, lead, carbon, powder fouling, sabot/shotgun wad residue, and contaminants from corrosive ammo. Use to clean inside receiver and trigger groups, too. Comes with extension tube to hit those hard-to-reach places. 🇺🇸

**#100-011-304** 🟢 MC#7 Extra-Strength Bore Cleaner, 12 oz., 4C14G64. . . . . \$ 17.99

## SLIP 2000 GUN CARE PRODUCTS

Effective, High-Strength Cleaning & Protection For All Your  
Firearms

Non-toxic, highly-effective gun care products are specially formulated to provide superior firearms cleaning and protection without using harsh, smelly chemicals. 🇺🇸

**CARBON KILLER** - Eliminates tough carbon fouling from bolts, cylinder faces, actions, muzzle breaks, and other hard-to-reach nooks and crannies. Designed as a parts bath, simply soak fouled parts for 5 to 10 minutes and wipe or brush clean. Can also be used with mops and brushes for bore cleaning. Completely non-hazardous, non-flammable, and biodegradable with a pleasant citrus scent. Reusable for many cleanings; plastic containers allow for easy, hassle-free storage between uses. For best results, follow cleaning with a thorough application of rust preventative oil. Follow manufacturer's recommendations to avoid damage to wood finishes, paint, anodizing, and bluing.

**SPECS:** 4 oz. (118ml), 16 oz. (473ml), or 32 oz. (946ml) plastic container.

**#100-002-846** Carbon Killer, 4 oz., 3K10L77. . . . . \$ 11.89

**#100-002-847** Carbon Killer, 16 oz., 3K18J99. . . . . 19.99

**#100-002-872** Carbon Killer, 32 oz., 3K28F49. . . . . 29.99

**GUN LUBE** - Removes carbon, copper, powder, plastic, and lead fouling by loosening and displacing all contaminants out, away from metal surfaces. Provides a long-lasting, protective film to reduce friction of all moving parts. Specially formulated not to break down over time; displaces moisture and inhibits rust. Does not contain petroleum distillates or oil.

**SPECS:** 4 oz. flip-top plastic bottle.

**#100-002-873** Gun Lube, 4 oz., 3K9B25. . . . . \$ 10.99

**EXTREME WEAPONS LUBE (EWL)** - Offers all the features of Gun Lube in addition to being specifically formulated to prevent heat build-up in heavy, automatic weapons. Removes carbon, copper, plastic, powder and lead fouling while leaving behind a protective film that eliminates friction. Protects against rust and corrosion from saltwater, hydrogen sulfide, carbon dioxide, mild mineral acids, and chlorine, making it ideal for extremely harsh operating environments. Does not contain petroleum distillates or oil.

**SPECS:** 4 oz. flip-top plastic bottle.

**#100-003-451** Extreme Weapons Lube, 4 oz., 3K14G93. . . \$ 16.00

**EWL30** - Thicker than standard EWL, with a consistency like a 30wt motor oil, for applications where a non-migrating lubricant is needed but one that is not as thick as grease. EWL30 clings to metal on a microscopic level to drastically reduce friction between moving parts, while minimizing wear and build-up of wear-related debris. Repels moisture - has passed the ATSM B-117 150-hour salt spray corrosion test - and produces a surface that lead, carbon, copper, and plastic wad fouling does not stick to. Will not dry out, does not attract dust/dirt.

**#100-018-011** EWL30, 1 oz., 3K10F44. . . . . \$ 11.18

**#100-018-012** EWL30, 4 oz., 3K17A43. . . . . 18.39

**EXTREME WEAPONS GREASE (EWG)** -

This is Extreme Weapons Lube firmed up into a light grease with extreme pressure properties that are guaranteed to reduce friction and wear on fast-cycling semi-auto and full-auto firearms. Proprietary anti-wear additives do not contain Teflon or PTFE yet are long-lasting and will not attract dust, dirt or powder fouling like most petroleum-based products. Easy to apply and stays where you put it because it forms a bond with metal and will not migrate. Excellent for use on locking lugs, sears, bolts, and slides/rails. Smooth operation in extreme temperatures from -100° F to +750° F.

**#100-018-034** EWG Syringe, 1.5 oz., 3K10M47. . . . . \$ 12.19

## SHOOTER'S CHOICE UNIVERSAL GUN CARE PACK

Tried-&-Trusted Products To  
Clean & Protect Guns From Bore  
To Outside Finish

Convenient kit packages up three powerful Shooter's Choice products to clean and maintain rifles, handguns, and shotguns. Shooter's Choice Bore Cleaner dissolves copper and lead fouling, as well as shotgun wad residue, and removes rust and corrosion. FP-10 Lubricant - the same formula currently used by U.S. Special Forces - cuts friction and wear, and withstands breaking down at temperatures up to 500° F, so it keeps gun parts moving in the most extreme operating conditions. Rust Prevent Corrosion Inhibitor displaces water and creates an ultra-thin film on the metal that protects against rust, fingerprints and body acids, pitting, and salt air. 🇺🇸

**SPECS:** Bore Cleaner - 2 fl. oz. (59ml) bottle w/applicator spout. FP-10 - 4 fl. oz. (118ml) bottle w/applicator spout. Rust Prevent - 6 oz. (170g) aerosol spray.

**#100-010-562** 🟢 Universal Gun Care Pack, 4C20P69. . . \$ 24.99

## BLUE WONDER GUN CLEANER

Deep-Penetration Technology  
Removes Rust & Fouling;  
Leaves Steel Squeaky Clean

This fast-working, user-friendly cleaning gel cuts through copper, carbon, and lead fouling in bores, gently removes rust from bluing, and breaks down grease and oil on contact. Use it to clean all your firearms, from muzzleloaders to high-tech tactical weapons. Squeeze a dab onto a bore brush and run it through the bore for a thoroughly clean bore in minutes. Penetrates deep behind black powder corrosion, plastic wad buildup, and stubborn carbon residue to break down oxide molecules that bond lead and copper fouling to the bore. Removes corrosive salts left by military surplus ammo and black powder. Even removes oil from oil-soaked stocks and gritty deposits of dried grease, including Cosmoline®. Environmentally friendly and biodegradable with a mild scent. 🇺🇸

**SPECS:** 4 fl. oz. (118 ml) net contents.

**#100-000-567** Blue Wonder Gun Cleaner, 6C6F93. . . . . \$ 8.19

**#100-018-035** EWG, 1.5 oz., 3K9A50. . . . . 11.19

**#100-018-036** EWG, 4 oz., 3K16N04. . . . . 19.09

**725 CLEANER/DEGREASER** - This is a water-based, cleaner/degreaser that strips grease, oil, Cosmoline, carbon, and lead from gun parts and bores. Leaves no residue or odor. Easy application; spray, wipe, lubricate. Safe for all your guns, including black powder. Won't harm plastic, bluing, sealed wood, or rubber. Apply rust preventative after using on ferrous metals.

**SPECS:** 4 fl. oz. pump spray bottle; 1 gal. (3.78 l) jug.

**#100-006-800** 725 Cleaner/Degreaser, 4 oz., 3K9J57. . . . . \$ 10.59

**#100-001-037** \*725 Gun Cleaner/Degreaser, Gal., 3K33K66. . . . . 35.99

**SLIP 2000 3-PACK** - Contains a 2 fl. oz. bottle each of Gun Lube, 725 Cleaner/Degreaser, and Carbon Killer for total gun care.

**SPECS:** Contains 2 fl. oz. bottles each of 725 Cleaner/Degreaser, Carbon Killer, and Gun Lube.

**#100-006-799** SLIP 2000 3-Pack, 3K15A93. . . . . \$ 16.99

## BROWNELLS SHOTGUN WAD SOLVENT

Helps Dissolve Plastic Residue In  
The Bore & Ports

Specially formulated to loosen plastic wad fouling, carbon and powder buildup, **Brownells Shotgun Wad Solvent** helps reduce scrubbing for easier cleaning of smoothbore and rifled shotgun barrels. Starts breaking down the residue to help get heavily fouled shotgun bores shiny clean in less time. A real time saver for loosening that burned-in wad residue in ported barrels or choke tubes. Regular use helps prevent wad layering and carbon accumulation. Slowly evaporating for longer working time. **Liquid** is for those who prefer traditional liquid bore cleaners. The gel consistency of our **Gelled** solvent provides superior adhesion to the patch and bore for maximum dissolving power. **Caution:** May remove some stock finishes. Do not use with nylon/plastic brushes or store in plastic containers. 

**SPECS:** Liquid & Gel - 4 fl. oz. (118ml) or 16 oz. (473ml) glass jar.  
#083-135-004  4 oz. Liquid Wad Solvent, 3H9G97. . . . \$ 11.99  
#083-135-016  16 oz. Liquid Wad Solvent, 3H23M92 . . . 29.99  
#083-000-018 16 oz. Gelled Wad Solvent, 3H22A99 . . . 22.99

## BORE TECH CHAMELEON GEL

Color-Changing Formula Lets You Know When  
The Barrel Really Is Totally Clean

Dual-purpose bore cleaner/polish changes color to let you know what type of fouling remains in your barrel – or when it's totally clean. Designed to be used in conjunction with Bore Tech C4, Cu+2, and Eliminator products, Chameleon Gel removes heavy carbon, copper, lead, moly, and plastic fouling. Make multiple cleaning passes, just as you would with any cleaner, and if the gel residue comes out blue/green, you still have copper fouling. Black means carbon fouling, and gray means lead and/or moly. When the gel residue finally remains white in color, the barrel is clean and lightly polished. Nonembedding, biodegradable, safe for all barrels. 

**SPECS:** 2 fl. oz. (59ml) squeeze tube.

#509-000-030 Bore Tech Chameleon Gel, 9K12K66. . . . \$ 12.99

## HOPPE'S NO. 9

THE World Famous Bore Solvent

Nitro-Solvent, the most universally used solvent for removing primer, powder, lead and metal fouling - for preventing rust. Quick, super-efficient, safe and easy to use. Flows freely and penetrates rapidly. And the aroma? If you love the smell of Hoppe's No. 9, you are a true firearm enthusiast! Four sizes meet every cleaning requirement. 

**SPECS:** 2 fl. oz. (59 ml), 4 fl. oz. (118 ml), pint (16 fl. oz./473 ml), or quart (32 fl. oz./946 ml) container.  
#699-902-002 2 oz. Hoppe's No. 9, 7K2B57 . . . . . \$ 2.99

## BORE TECH BORE CLEANERS

Sophisticated Solvents  
That Take The Chore Out Of Bore Cleaning

**ELIMINATOR** - Eliminate the mounds of dirty cleaning patches that are created using your current solvent by switching to this advanced formula, which literally wipes-out all copper, lead, carbon, plastic, and powder fouling in minutes instead of hours. Technologically advanced in every way, Eliminator literally alters the chemical makeup of copper to break its bond from the barrel steel, then uses advanced chelating agents to keep it from re-depositing. Rust preventatives guard against corrosion. Non-toxic, non-flammable, and completely biodegradable. This stuff is incredible!   
**SPECS:** 4 fl. oz. (118 ml) squeeze bottle or 16 fl. oz. (473 ml) plastic bottle.

#509-000-021 4 oz. Eliminator, 9K14N39 . . . . . \$ 15.99  
#509-000-027 16 oz. Eliminator, 9K00AJK . . . . . 27.99

**RIM FIRE BLEND** - Blended with lead and carbon removing agents to make quick work of fouled rimfire bores. Strips caked-on bullet lubricant and heavy leading from match barrels, as well as cowboy action guns that shoot a lot of soft, cast lead bullets. Leaves behind a protective, corrosion-inhibiting film.   
**SPECS:** 4 fl. oz. (118 ml) squeeze bottle or 16 fl. oz. (473 ml) glass bottle.

#509-000-023 4 oz. Rim Fire Blend, 9K13D86 . . . . . \$ 16.39  
#509-000-024 16 oz. Rim Fire Blend, 9K26I09 . . . . . 28.99

**C4 CARBON REMOVER** - Technologically advanced, 100% biodegradable formula is environmentally safe, yet strong enough to remove the toughest carbon, lead, and moly fouling in just seconds. Ideal for rifle barrels, bolt faces, flash suppressors, compensators, silencers, chamber throats, revolver cylinders, gas pistons and any other place extreme carbon fouling is found. Will also neutralize and remove corrosive salts found in surplus military ammunition and black powder. Deep cleaning action easily penetrates the smallest crevices and other hard-to-reach areas, leaving heavily fouled parts looking factory new. For really stubborn fouling just soak in C4 Carbon Remover for a few minutes, then wipe or patch dry. Conditions the metal to help prevent future build-up. Non-flammable, odorless, ammonia free solution is safe for indoor use.   
**SPECS:** 4 fl. oz. (118 ml) squeeze bottle or 16 fl. oz. (473 ml) plastic bottle.

#509-350-040 4 oz. C4 Carbon Remover, 9K12F20 . . . . \$ 14.59  
#509-350-160 16 oz. C4 Carbon Remover, 9K25M11 . . . . 26.99

**CU+2 COPPER REMOVER** - Environmentally safe, ammonia-free formula works fast to breakdown and dissolve all traces of copper fouling caused by high-velocity, jacketed bullets commonly used in hunting and competition guns. Contains an enhanced binding agent that acts like a magnet to attract the dissolved copper, keeping it from re-depositing and allowing complete removal. Repeated use conditions the bore to help prevent future copper buildup, plus works like a rust preventative to shield and protect the metal from corrosion. Non-hazardous, biodegradable, odorless, and petroleum free. Safe to use on steel, stainless steel, and lined barrels.   
**SPECS:** 4 fl. oz. (118 ml) squeeze bottle or 16 fl. oz. (473 ml) plastic bottle.

#509-000-028 4 oz. Cu+2 Copper Remover, 9K12Q28 . . . . . \$ 14.69  
#509-000-029 16 oz. Cu+2 Copper Remover, 9K24E51. . . . . 27.99

## DYNA-TEK COATINGS DYNA-BORE COAT KIT

Permanent Bore Treatment Reduces  
Fouling Buildup, Makes Cleaning Easy & Fast  
- NEW One-Bottle Formula!

Chemical bore treatment produces a permanent, significant reduction in fouling, so you can shoot more and clean less often. When you do clean, carbon, lead, copper, and plastic wad or sabot fouling come out much more easily than from an untreated bore. A typical rifle may need only a few passes with wet and dry patches to get down to the bare metal, even after firing hundreds of shots. No hard scrubbing with bronze/stainless steel brushes, or harsh copper- and lead removing solvents. For black powder shooters, Dyna-Bore Coat eliminates "carbon ring" buildup, and for benchrest shooters, it simplifies initial barrel break-in by eliminating the time-consuming method of cleaning after every shot when breaking in a barrel. Easy-to-apply: get the bore completely clean following the kit's instructions included, apply the alcohol prep solution, then apply the Bore Coat solution using a loose-fitting patch. Dyna-Bore bonds molecularly to the barrel, and once cured (after 8-10 rounds) is only .25 microns thick, so it has no effect on velocity, point of impact, or group size. One application will last the useful life of the bore. Enough to coat the bores of 5-6 long guns. Instructions included.   
**#100-032-307 Dyna-Tek Bore Coat, 1 fl. oz., 1D26F90. . . \$ 29.99**

## HOPPE'S NO. 9 FOAMING BORE CLEANER

The Strength & Power of Classic No. 9  
in a Unique Color-Change Indicating Formula  
That Tells You What It's Doing

What's better than Original Hoppe's No. 9 Bore Solvent? If you have tough, baked-on powder residue and gilded-on copper fouling, it's Hoppe's No. 9 Foaming Bore Cleaner, which expands to fill all the microscopic nooks and crannies and helps you scrub away the gunk. The easy-dispense tube ensures you get ONLY as much cleaner as you need ONLY in the bore, and the superior cleaning formulation does much of the heavy lifting for you, requiring the minimum of scrubbing from you. And here's the really unique part: the orange foam will turn BLUE to indicate that it is working on copper fouling. It turns BLACK when it's breaking down powder residue. Either way, you know when it's working. 

#100-046-095  12 fl. oz. No. 9 Foaming Bore Cleaner, 6B34G50. . . . . \$ 11.99

## HOPPE'S BENCH REST-9 COPPER SOLVENT

Chemically Cleans Heavy Copper Fouling  
Won't Damage The Bore Or The Bluing

Specially developed to meet the needs of benchrest competition. Dissolves heavy copper deposits, carbon buildup, lead and plastic fouling by chemical action, no abrasives. Powerful, yet safe for overnight soaking.   
**SPECS:** 5 fl. oz. (148ml) or 16 fl. oz. (473ml) jar. Use nylon brushes.

#699-904-004 5 oz. Bench Rest 9, 7K7I59 . . . . . \$ 7.99  
#699-904-016  16 oz. Bench Rest 9, 7K00DNB . . . . . 19.99

## LYMAN BUTCH'S BORE SHINE

Quickly Removes Accuracy-Robbing  
Bore Fouling

Non-abrasive solvent easily cleans out lead, copper, wax, and even shotgun wad plastic. Quickly strips carbon buildup in the throat area, and regular application of a few patches soaked with Butch's during a match or shooting session will control copper fouling. Safe to use on all barrel steels; may be left in barrel overnight without harm.   
**SPECS:** Net contents 3.75 fl. oz. (111ml) or 8 fl. oz. (237ml). Contains ammonia.

#539-000-002  3.75 oz. Butch's Bore Shine, 5K7G79. . . \$ 8.99  
#539-000-014  8 oz. Butch's Bore Shine, 5K10E99. . . . 11.99

## REMINGTON BORE CLEANER

Quickly Removes Lead, Copper, Carbon  
& Plastic Wad Fouling

Natural abrasives scrub a way all types of fouling but will not scratch even the finest bores. Leaves your bore sparkling clean without time-consuming soaking. Environmentally safe because it contains no harmful solvents or CFC's.   
**SPECS:** Liquid, squeeze bottle. 4 fl. oz. (118ml).

#768-240-170 Rem. Bore Cleaner, 6G7E89. . . . . \$ 10.99

## SHARP SHOOT R WIPE OUT

No-Brush Foam Cleans Fast

**BRUSHLESS BORE CLEANER** - Foam dissolves carbon, copper, brass, bronze, black powder, and smokeless powder fouling. Foam suspends and absorbs the fouling for superb cleaning. Contains corrosion inhibitors so you can leave the cleaner in the bore for up to 24 hours. Won't harm modern gunstock finishes, carbon steel, or stainless steel; contains no acid or ammonia.   
**SPECS:** Aerosol, 5 oz. (142g). Will remove antique finishes such as varnish, shellac, oil and lacquer.

#100-001-388  Wipe-Out, 7A10D99 . . . . . \$ 14.99

**EXTENDED APPLICATOR** - Flexible plastic spout extends the reach of Wipe Out aerosol for easy application from the breech without mess. Fits chambers from .17 caliber centerfire and up.   
**SPECS:** Molded plastic.

#100-005-702 Extended Applicator, 7A3H21 . . . . . \$ 3.99

**WIPE-OUT ACCELERATOR** - Unique pre-conditioner works as an accelerator to dramatically increase the effectiveness of Wipe-out Bore Cleaner. Doubles the amount of copper and carbon removed in half the time without the need for brushes. Contains no harsh solvents, acids or ammonia and won't gum up or leave residue behind. Perfect for competition shooters who need to clean bores quickly in between stages.   
**SPECS:** 8 fluid oz. (237ml), squeeze top bottle.

#100-002-539 Wipe-out Accelerator, 7A8Q99 . . . . . \$ 12.99

**WIPE-OUT PATCH-OUT** - Liquid bore cleaner quickly loosens carbon, copper, brass, bronze, black powder, and smokeless powder fouling, so it can be wiped out of the bore fast and easily. Simply apply with a patch to the bore surface and allow to soak, or scrub in with a bore brush to create a foaming action that attacks stubborn fouling. Spout applicator puts the preferred amount of cleaner right where you want it without waste. Contains strong corrosion inhibitors to reduce the need for protective oil. Will remove some stock finishes.   
**SPECS:** 8 fl. oz. (237ml) squeeze bottle. Will remove varnish, shellac, lacquer, and oil finishes.

#100-003-008 Wipe-Out Patch-Out, 7A10P99 . . . . . \$ 14.99

## O.K. WEBER SWEET'S 7.62 BORE CLEANER

A Longtime Favorite Of Benchrest Shooters & Varmint Hunters; Quickly Removes Copper & Powder Fouling

Non-abrasive, foaming-action, solvent and cleaner aggressively attacks the toughest copper, lead and plastic deposits. Dissolves baked-in carbon and powder residue in the difficult-to-clean throat area. Extra strength, instantly strips out the heaviest copper fouling in minutes, using only patches or mops. May be harmful to some plastic, painted, varnished or synthetic stock finishes.

SPECS: 200 ml (6.7 fl. oz.) bottle. Contains 5% ammonia.

#100-000-001 Sweet's 7.62, 1K11L12. . . . . \$ 13.09

## STEEL SHIELD TECHNOLOGIES WEAPON SHIELD

Clears Out Fouling, Minimizes Wear Of Moving Parts & Fights Corrosion

A powerful lubricant, cleaner, and preservative aggressively formulated for use in firearms that run HARD. Weapon Shield™ cleans out carbon fouling, removes lead deposits, lubricates, and guards against extreme pressure and wear. And it's great at fighting corrosion, too. Its Advanced Boundary Film (ABF) technology reduces that coefficient of friction between the bullet and bore surface, improving the ballistic movement of the bullet to help promote more consistent groups and fewer flyers. Use **Weapon Shield Grease** for maximum lubricating effectiveness or for fast-moving parts where oil just "slings off". **Weapon Shield Solvent** effectively breaks up carbon fouling and helps remove lead residue from the bore without using toxic volatile chemicals. **Maintenance Kit** is a complete suite of products to clean, lubricate, and protect your firearms. Contains a ¼ fl. oz. needle oiler AND 4 fl. oz. bottle of Weapon Shield cleaner-lubricant-protectant, a 4 fl. oz. bottle of solvent, and a Weapon Shield Grease syringe.

#100-007-981 **Weapon Shield Oiler Pen**, ¼ oz., 7G8K56 . . . . . \$ 15.39

#100-007-982 **Weapon Shield**, 4 oz. Bottle, 7G13B37. . . . . 13.99

#100-018-060 **Weapon Shield Maintenance Kit**, 7G40J53. . . . . 43.99

## SUPER QCG GUN CLEANER/LUBRICANT

Cleans, Lubricates, Repels Moisture, & Inhibits Rust

Fast-acting cleaner works on all types of firearms. Use as a bore solvent to remove copper, lead, carbon, black powder, and plastic fouling. Dry micro-lubrication keeps moving parts moving and won't turn gummy over time. A light coat on the exterior of actions, barrels, magazines, and exposed metal dissipates moisture, prevents condensation in humid conditions, and combats corrosion. Gentle enough to clean optics and help keep them from fogging up. Safe for use on all metals, wood and laminate stocks, composites, nylon, and plastic.

SPECS: 8 oz. (236ml) pump spray bottle.

#100-004-719 **Super QCG**, 8 oz., 8D17D07. . . . . \$ 19.99

## BROWNELLS J-B® NON-EMBEDDING BORE CLEANING COMPOUND

- Cuts Through Toughest Bullet Jacket & Powder Fouling
- Can't-Run Paste Formulation
- Cushioned Abrasive Action Leaves Bores Sparkling
- Easily Lifts Caked On, Baked In Moly Residue

The original, time-proven formula developed by Jim Brobst and produced under exclusive license. **J-B** has been getting burned-on, caked-in powder residue and copper jacket fouling out of gun barrels since the 1960's, and hasn't damaged an inch of rifling yet. Today, **J-B** once again proves itself a champion by the way it easily cleans the dirtiest, moly-fouled barrels.

A unique combination of ingredients and a one-of-a-kind, multi-step mixing process give **J-B** its special characteristics. They work together to cushion the abrasive action; the soft paste liquefies as you use it, then wipes out of the bore easily. The non-embedding feature means there's no abrasive residue left behind which might keep "cutting" after you've finished cleaning.

**J-B** has been a favorite on gunsmiths' benches for years, as a "magic" cure for customer guns that "...just won't shoot any more". These pros know that a good scrubbing with **J-B** often restores accuracy. Match and varmint shooters put a lot of rounds down range, many of those using moly coated bullets. The large amounts of copper fouling and the burned-in moly can create a cleaning nightmare; **J-B** makes short work of it. Use **J-B** with the Lewis Lead Remover to get the last speck of leading out of pistol bores. Shotgun combine lead, powder and plastic fouling to really throw patterns off; **J-B** clears it all out quickly and easily.

Here's what a couple of the most respected names in the shooting industry have said about **J-B**. Jim Carmichel, gun writer and dedicated shooter, "I have used **J-B** for years and routinely use it even on my very finest benchrest rifles. When no other bore cleaner will get the job done, **J-B** will". The late Warren Page, a benchrest shooting legend, wrote the praises of **J-B** when it was first introduced to the shooting public. He said, "**J-B** is an ultra mild, abrasive oil paste, finer than jewelers' rouge, which we in the rifle accuracy shenanigan, a few years ago, found was the answer to problems of metal fouling and serious powder fouling that solvents either won't touch, or will cut only by much labor". And, "...it was quickly discovered that such an extremely fine abrasive, used with discretion, would take out caked powder residue and mild metal streaking without ruining the bore".

Try a jar of **J-B** for yourself; it'll t-totally delight you with the way it cleans.

SPECS: 2 oz. (57 g) net contents jar. or ¼ oz. (7 g) net contents jar. Carton contains 12, 2 oz. jars.

#083-065-025 ¼ oz. J-B Compound, 8K4F49. . . . . \$ 4.99

## HOPPE'S NO. 9 LUBRICATING OIL

An Excellent Follow-Up To Cleaning

Hoppe's No. 9 oil is the ideal follow-on to a thorough cleaning with world-famous No. 9 Bore Solvent. A good, general-purpose, light lubricating oil for firearms and all sporting equipment.

SPECS: 2 ¼ fl. oz. (66 ml) flip-top squeeze bottle or 10 oz aerosol can.

#699-100-003 **Hoppe's Oil**, 2 ¼ oz. Bottle, 7K2D33. . . . . \$ 3.29

#699-000-031 **Hoppe's Oil**, 10 oz. Aerosol Can, 7K9P89. . . . . 10.99

Cannot shop outside Continental U.S. Shipped UPS or FedEx Ground only within U.S.

## SHARPSHOOT R WIPE-OUT TACTICAL ADVANTAGE

Dissolves Fouling, Cleans Bores Without Brushing, Leaves No Residue

Tactical Advantage dissolves carbon, copper, brass, bronze, cupro-nickel and powder fouling. Just apply it with a patch or nylon brush to the bore, and use it to clean anywhere firing residue gets on or in a tactical firearm. Mix 50/50 with water and spray on bolts, carriers, flash suppressors to dissolve carbon on contact.

Color indicators show you what's on the patch - blue indicates metal fouling, gray or black for powder fouling, and tan/brown for carbon fouling. Contains no acids or ammonia, and won't gum up or leave a residue that can render a firearm useless. 8 fl. oz. (237ml), squeeze bottle.

#100-011-212 **Wipe-Out Tactical Advantage**, 7A11P99. . . \$ 16.99

## BROWNELLS J-B® BORE BRIGHT™

The Final Finish For Your Barrel,  
Improves Accuracy,  
Reduces Cleaning Effort

A micro-fine bore cleaning and finishing compound that works as both a cleaner and a final polish to help keep barrels free of fouling and shooting their absolute best. Regular use gives your barrel a mirror-like finish that helps prevent the build-up of accuracy robbing copper fouling, plus greatly reduces cleaning effort. Clean your barrel as you normally would, then after cleaning with **J-B** Compound, follow with **J-B** Bore Bright to achieve a super clean, final polish. At the range, regular use of **J-B** Bore Bright between strings of fire minimizes the accumulation of jacket fouling to help maintain consistent accuracy. As a bore cleaner, the soft, oil-paste formula liquefies as you use it to quickly remove fouling, copper, lead, and powder residue in rifles and handguns, plus plastic deposits in shotgun bores. Because **J-B** Bore Bright is absolutely non-embedding it wipes easily from the barrel with a dry patch. You never need to worry about **Bore Bright** harming your barrel.

SPECS: 2 oz. (57 g) jar. Carton contains 12, 2 oz. jars.

#083-065-100 **J-B Bore Bright**, 2 oz. Jar, 3H12E07. . . . . \$ 13.39

#083-065-112 1 Carton **J-B Bore Bright**, 3H118L28. . . . . 137.99

## FLITZ POLISH

High Luster On Blued Steel, Aluminum,  
Brass, Plastic, Glass & More

Absolutely non-abrasive polish for all metals, fiberglass and most hard plastics. Removes corrosion, tarnish and discolorations. Brings finishes up to superb brightness, but its greatest asset in the gunshop is the ability to remove surface rust from blued finishes without damaging the bluing underneath. Leaves a protective film that resists further rust, corrosion, etc., for up to six months. Contains no acids.

SPECS: 50 g (1 ¼ oz) or 150 g (5.3 oz) tube.

#314-100-050 50 gram **Flitz Polish**, 4A7B82. . . . . \$ 9.49

#314-100-150 150 gram **Flitz Polish**, 4A16H84. . . . . 22.99

**FLITZ LIQUID POLISH** - Non-abrasive liquid applies easier, leaves a protective film coating.

SPECS: 100 ml (3.5 oz.) bottle.

#314-101-100 100 mL **Flitz Liquid**, 4A9D04. . . . . \$ 9.09

## BROWNELLS J-B® BORE COMPOUND & KROIL

A Favorite Cleaning Secret of Shooters Who Demand Ultimate Accuracy

Save money on the do-it-all combination that's been written up in several of the "accuracy" publications: **J-B** and **Kroil**! Run

a couple of patches soaked in **Kroil** through the bore to get under and loosen barrel fouling, then wipe away most of the crud with a dry patch. Follow with **J-B** remove the most stubborn moly residue, powder, and copper jacket fouling. A final pass with **Kroil** coats the bore with a rust preventive film.

SPECS: **J-B** - 2 oz. (57 g) net cont. jar. **Kroil** - 8 fl.oz (237 ml) can.

#083-065-000 **J-B & Kroil Combo**, 3H19L63. . . . . \$ 22.99

Cannot ship outside Continental U.S. Shipped UPS or FedEx Ground only within U.S.

## FLITZ RIFLE, GUN & KNIFE WAX

Water-Repelling Protectant Your Guns Will  
Thank You For

Non-abrasive, silicone-free protectant shields firearms and knives from rust and the corrosive effects of powder residue, fingerprints, water spots, tree sap, blood, and more. Rifle, Gun & Knife Wax contains a unique blend of Brazilian Carnauba wax and beeswax to provide a tough, protective finish that lasts up to six months in fresh water conditions and three months in salt water environments. Safe for all metals - blued steel, stainless steel, brass, aluminum, and nickel plating - as well as wood and fiberglass stocks, paint, acrylics, and plastic. Won't attract dust, and leaves no white residue or buildup.

SPECS: 7.6 fl. oz. (225ml) flip-top bottle.

#314-000-006 **Flitz Rifle, Gun & Knife Wax**, 4A11N56. . . \$ 13.04

## IOSSO® GUN CARE PRODUCTS

Take The Chore Out Of Getting Your Guns Clean

A manufacturer of innovative and environmentally responsible products for over 25 years, Iosso gun cleaning products help you get guns down-to-the-metal clean quickly and effectively.

**BORE CLEANER** - Quickly removes copper/lead/powder fouling, moly, plastic wad residue, and even surface rust. Concentrated, paste won't spill or drip. Non-corrosive, will not harm metal or stock finish.

SPECS: 1.5 oz. (43 g) tube. Contains mild ammonia.

#073-000-002 **Iosso Bore Cleaner**, 3G4D38. . . . . \$ 5.99

**GUNBRITE** - Safely removes powder fouling, surface rust, tarnish, and discoloration from blued, stainless steel, chrome, and nickel finished firearms. Even removes the stubborn black rings on cylinder faces. Leaves behind a polished look without an oily feel.

SPECS: 2 oz. (57 g) tube.

#073-000-006 **GunBrite Polish**, 3G7I39. . . . . \$ 8.99

GUARANTEED. FOREVER.®

SINCE 1939

## BROWNELLS MOLY BORE TREATMENT PASTE

Cuts Down On Fouling; Increases Barrel Life

Easy-to-apply synthetic-base bore paste greatly reduces friction to minimize fouling for faster, easier cleanup and longer barrel life. Absorbs quickly into any metal surface with minimum rubbing, so your bore shrugs off lead, copper and carbon buildup. Use as a treatment for lubrication and protection of all gun and metal surfaces. 

**SPECS:** Molybdenum disulfide paste, 2 oz. (57 g) wt.  
#080-916-002 Moly Bore Paste, 8K13C49..... \$ 14.99

## SIMICHRROME POLISH

For Brass, Chrome,  
Gold, Silver, Aluminum,  
Glass & Plastic

Not only for cleaning up brass but is the most fantastic stuff you have ever seen on chrome, gold, silver, aluminum, glass and plastic. The people who import it from Germany put it this way: "Absolutely guaranteed to be the best polish in the world or your money back!! One of the big problems in the gun shop is polishing Plexiglas, and other plastic spacers and inserts. Simichrome will do it "Quick as a Wink".

**SPECS:** 1.76 oz. (50 g) tube, a 8.82 oz. (250 g) can.  
#189-001-000 1.76 oz. Tube Simichrome, 9H12A40.... \$ 14.99  
#189-002-882 8.82 oz. Can Simichrome, 9H36M68.... 46.99  
- 24 or More - 1.76 oz. Tube Simichrome, per each..... \$ 14.99

## BROWNELLS RUST PREVENTIVE NO. 2™

Neutralizes Fingerprints,  
Displaces Moisture, Prevents Rust

The gun oil that's a rust proofer too! Proven in over 40 years of all-weather performance to prevent rust in the worst possible hunting and shooting weather and locations. Definitely not a space age chemical that raises hob with gun finishes and bluing, but a blend of petroleum distillates specially formulated for use on guns, tools and machinery. Penetrates pores to get down under fingerprints and moisture, then leaves an invisible film to protect and lubricate. Unlike general purpose water displacing rust proofers, RP2 won't gum-up in the nooks and crannies. Pints are supplied in a handy, pump spray bottle. 

**SPECS:** 1 Pint (16 fl. oz./473 ml), Quart (32 fl. oz./946 ml) or Gallon (128 fl. oz./3.8 L)  
#083-019-016 \*1 Pt. Rust Preventive No. 2 Pump  
Sprayer (filled), 5L26Q07..... \$ 32.99

\*Cannot ship outside Continental U.S. Shipped UPS or FedEx Ground only within U.S.

## BROWNELLS RUSTY'S RAGS SILICONE GUN OIL

Renews Your Rusty's Rag  
& Protects Your Valuable Firearms

Just a few drops of this low-viscosity silicone oil renews your Rusty's Rag or other wipe-down cloth to give your gun's finish a fresh, lustrous appearance. Penetrating formula gets into those hard-to-reach places to help keep your valuable guns clean and protected from rust and fingerprints. Comes in a convenient flip-top bottle that's easy to use at the bench or in the field. 

**SPECS:** Silicone oil, 1 oz. (29ml) plastic bottle.  
#080-000-794 Silicone Gun Oil, 8K8A41..... \$ 9.99

## BIRCHWOOD CASEY BARRICADE

All-Weather Rust Preventive

Moisture-displacing formula neutralizes the corrosive action of water, sweat, and fingerprints to provide long-lasting protection against rust. Metal treated with Barricade withstood 500 hours in a high-humidity test environment and resisted corrosion for 96 hours in continuous salt water spray tests. Dries to a thin, non-gumming film. Excellent penetrant for loosening rusted parts. Harmless to wood, leather and non-ferrous metals.

Available as a liquid or aerosol, or in a 25 pak of individually wrapped, pre-soaked Take-Along Gun Cloths for on-the-go, any-where cleaning. Formerly called Sheath. 

**SPECS:** 4 1/2 fl. oz. (133 ml) can w/spout cap, 6 oz. (170 g) aerosol, or box of 25 individually wrapped pre-soaked cloths, approximately 8" (20.3cm) x 5" (12.7cm).

## BIRCHWOOD CASEY RIG® RUST PREVENTIVE PRODUCTS

Clean, Easy-To-Apply  
Grease Protects Your  
Firearms From Rust

Long-known and highly respected by shooters, this clean, viscous grease is easy to apply to your pet gun and provides absolute rust prevention during long-term storage. One thorough application of a thin film will protect your rifle, handgun, shotgun, or muzzleloader from rust and corrosion. 

**SPECS:** 1 1/2 oz. (42g) tube, 3 oz. (85g) and 12 oz. (340g) jars.

## BROWNELLS RUST VETO

Powerful Rust Preventer Does  
The Job Of Cosmoline®

When the manufacturer of Cosmoline® discontinued the product, we were shocked because we know many folks still consider it the best thing around for protecting guns from rust during long-term storage. Fortunately, we now have a substitute that works every bit as well as the original. **Brownells Rust Veto** is a soft, medium dark industrial-grade grease with a powerful combination of highly refined petroleum oils and waxes, plus corrosion and oxidation inhibitors, that preserves and protects stored firearms from rust and corrosion for years. The application and effectiveness of Rust Veto are the same as Cosmoline. It liquefies when heated to 140°-170° F, so you can immerse parts for complete penetration and coverage of intricate shapes and recesses. Melted Rust Veto can also be brushed or swabbed into/onto the metal to be protected. 

**SPECS:** Available in 1 lb. (16 oz./45kg) or 4 lb. (64 oz./1.8kg) cans.  
#083-000-034 Brownells Rust Veto, 1 lb., 5L13K64.... \$ 14.99  
#083-000-035 Brownells Rust Veto, 4 lb., 5L33111.... 36.99

## BOESHIELD T-9 WATERPROOF LUBE

Long-Lasting Rustproofing & Lubrication

Developed by the Boeing Corp. for aircraft parts and components. Paraffin wax and special lubricants in a solvent base penetrate into the metal pores and dry to a very slick, dry, thin film that displaces moisture protects from rust and corrosion for up to 12 months. 

**SPECS:** 4 fl. oz. (118 ml) bottle, 4 oz. (113 g), 12 oz. (340 g) aerosol, 1 gal. (128 fl. oz./3.8 L) bottle.  
#686-901-004 4 oz. Boeshield, 6H9C23..... \$ 10.99  
#686-900-012 12 oz. Boeshield, Aerosol, 6H13D15.... 17.99  
#686-910-000 1 Gallon Boeshield, 6H87M63..... 114.99

## BROWNELLS POWDERED GRAPHITE

Lubricates & Reduces Wear;  
Won't Collect Contaminants

Weapons grade, natural, powdered graphite provides superior lubrication without collecting airborne contaminants. Dry formula will not trap dirt, run off, gum up, or lose its lubricating qualities when subjected to extreme temperatures. A favorite lube for heavy automatic weapons, especially in desert conditions. Slicks triggers and sears, bolt carriers, slides, frames, raceways and more by forming a soft, micro-fine layer of lubricating particles on moving parts. Greatly reduces wear, and helps resist powder and carbon fouling on treated parts. Works equally well for fishing reels, locks, cameras, and other household applications. Make sure parts are completely stripped of all "wet" lubes and greases before applying graphite. Do not apply oils or greases on top of graphite. 

**SPECS:** Black color. .32 oz. (.9g) applicator bottle or 1.4 oz. (39.7g) spout bottle.  
#083-000-012 .32 oz. Pwdrd Graphite, 3H4D99..... \$ 5.99  
#083-000-013 1.4 oz. Pwdrd Graphite, 3H8G45..... 12.99

## BROWNELLS ACTION LUBE PLUS®

The Ultimate Synthetic Grease That  
Slicks Up & Protects A Lot More Than  
Just Triggers; Smooth, Friction-Free  
Operation For All Types Of Firearms

If you have a firearm that "works", then you need **Action Lube Plus**. Not a petroleum-based grease, but a synthetic-based, semi-solid lubricant developed and used by military special forces to protect expensive, hi-tech firearms and equipment in all temperatures and all environments; from the deserts of Kuwait to the Bering Strait. Actually exceeds the mil spec of standard, molybdenum disulfide grease. **Action Lube Plus** lubricates and inhibits corrosion and galling from salt water, powder residue, sweat and moisture on all types of metal, including stainless steel, titanium and aluminum. **Action Lube Plus** is very concentrated; only a small amount applied to the face of sears and triggers will dramatically decrease pull weight as well as smooth actual trigger feel. On high friction points like bolt raceways and lever mechanisms, just a dab of **Action Lube Plus** completely eliminates wear and helps assure reliable functioning. A very light coating on the outside of your guns will keep fingerprints neutralized and protect expensive bluing from rust and moisture damage that can occur during storage. 

**SPECS:** 2 oz. (57 g) net wt.  
#083-050-002 Action Lube Plus, 8K11F79..... \$ 14.99

## BROWNELLS ACTION LUBE PLUS® SYRINGE

Superior Lubricating  
Performance,  
Convenience Of A Tube

Synthetic-based blend of the finest lubricants and molybdenum disulfide provides superior performance in all conditions. Easy-to-use syringe gives pin point application. 

**SPECS:** 10cc syringe, includes cap.  
#083-050-010 Act. Lube Plus Syringe, 8K10H29..... \$ 12.99

## BROWNELLS ACTION MAGIC II®

Increased Lubricity For All Moving Metal  
Parts; Dry Formula Won't Trap Water, Dust  
Or Contaminants

**Action Magic II** is not a quick-spray, "wonder oil," but a two-step, permanent, firearms lubrication treatment with a natural affinity for metal that bonds to any metal surface at the molecular level. Easy-to-apply treatment enhances surface lubricity for extreme, long-lasting resistance to corrosion and accelerated wear caused by friction and heat. After firing thousands of rounds, tests on semi-auto pistols have shown no measurable wear. Cleanup is as simple as dusting off powder residue with a soft nylon brush! Unlike oil-based lubricants, **Action Magic II** will not trap moisture in wet environments and cannot freeze in cold weather. The dry, silver-gray, lubricated surface resists powder residue, carbon, lead, dirt and fouling so your firearm stays cleaner, longer. **Action Magic II** treatment can be used inside bores, on semi-auto pistol slides, frames, triggers and sears, rifle bolts and raceways. 

**SPECS:** Kit contains 1/2 oz. (18 ml) liquid and 1/2 oz. (14 g) wt. dry powder in convenient needle oiler bottles and instructions.  
#083-052-001 Action Magic II, 3H20Q75..... \$ 24.99

## HOPPE'S LUBRICATING GUN OIL FIELD WIPES

Convenient On-The-Go Lubricant & Rust Preventative

Handy lubricating wipes are pre-saturated in Hoppe's Weatherguard™ lubricating oil to provide you with a quick, effective cleaning and lubricating solution when you're on-the-go, in the field, or at the range. Perfect for maintaining small arms, knives, and virtually all outdoor equipment in any weather condition, the super-absorbent, soft cloth wipes displace moisture, lubricate, and prevent the formation of harmful rust by leaving behind a protective film. **SPECS:** Each wipe approx. 3 1/4" (8.3cm) x 5 1/4" (13.3cm). Packed in a resealable container of 50 wipes.

#699-000-028 Lubricating Gun Oil Field Wipes, 7K8E89. . . . . \$ 9.89

## TRI-FLOW

Teflon® Deep Penetration Frees-Up Parts

Displaces moisture, dirt, grit, rust, salt, etc., from friction surfaces and forces them to flow away. A surface cleanses itself (no more buildup) of harmful wear particles. Further, galling is practically impossible with Tri-Flow - a "curse" with many so called "dry" lubricants. On shop gears, "ways", spindles, and moving parts, wear life is extended. On gun parts it's like installing ball-bearings. On frozen parts or rust is deep, penetration and release can be within minutes or seconds. Temperature limits: -65° F. to +475° F.

**SPECS:** Comes in 12 oz. (340 g) ozone-safe aerosol can. #444-170-012 \*Tri-Flow 12 oz. Aerosol, 4D12E67... \$ 13.99

\*Cannot ship outside Continental U.S. Shipped UPS or FedEx Ground only within U.S.

## KRUNCH PRODUCTS MAG SLICK

Keeps Magazines Clean & Working

Aerosol, dry lubricant, improves magazine function and feeding. Protects against corrosion, repels dirt. Dries in seconds, safe for all metal and plastic mags. **SPECS:** Aerosol, 6 oz. (170 g) wt.

#474-000-001 Mag Slick, 4G717. . . . . \$ 8.99

## LOCTITE®

### C5-A ANTI-SEIZE LUBRICANT

Protects Metal From High-Temperature Galling

Copper based lubricant protects metal parts against seizing up to 1800°F (980°C) during extended firing sessions. Used by top gun manufacturers to keep parts moving smoothly without galling. Easy to use: simply apply a thin coat and wipe off the excess. **SPECS:** 1 oz. (28g) tube.

#532-000-012 C5-A Anti-Seize, 2C6G59. . . . . \$ 7.99

## REMINGTON REM® OIL

Advanced Formula With Teflon®  
Keeps Firearms Operating Smoothly  
& Looking Like New

Advanced formula with Teflon® cleans, lubricates and protects your valuable firearms so they'll keep running smoothly and looking like new. Penetrates into the smallest metal pores, then leaves a tough, long-lasting film to help reduce metal-to-metal wear. Quickly displaces even microscopic traces of water for advanced moisture resistance and rust protection. Available in bottles, aerosol cans, and wipes for a variety of applications. Plastic bottles dispense oil one drop at a time, especially useful when lubricating small parts. Aerosol spray works great on large areas like actions; includes a straw to direct oil into hard-to-reach areas. Pre-moistened, disposable towelettes are ideal for wiping down your firearm after a hard day in the field or at the range.

**SPECS:** 1 oz. (30ml) plastic dropper bottle, 4 oz. (113g) or 10 oz. (284g) aerosol spray can, 12-pak of individually wrapped 6" x 8" wipes, or 60-pak of 7" x 8" wipes in plastic, pop-up canister.

#768-500-100 1 oz. Rem Oil, each, 8F2K40. . . . . \$ 3.99

#768-500-400 4 oz. Rem Oil, each, 8F4G58. . . . . 6.99

**REM® OIL WITH MOISTUREGUARD™** - Specially formulated to prevent rust and protect your valuable firearms in the harshest hunting and shooting environments. MoistureGuard's Volatile Corrosion Inhibitor (VCI) technology actively penetrates into the smallest crevices to leave an invisible, long-lasting film that blocks moisture and prevents surface rust. Still provides the same superior lubrication you expect from original Rem Oil for proper weapon function and smooth operation. Pump-spray works great for treating large areas and is ideal for your firearm after a hard day in the field or at the range.

**SPECS:** 6 oz. (177ml) plastic pump-spray bottle.

#768-183-780 Rem Oil With MoistureGuard, 8F6Q23. . . . . \$ 6.39

\*Cannot ship outside Continental U.S. Shipped UPS or FedEx Ground only within U.S.

## REMINGTON REM® GUN GREASE

A Hard-Working Lubricant/Corrosion-Inhibitor  
That Stands Up to Adverse Operating Conditions

A modern firearm lubricant fortified with PTFE in a uniquely blended, non-melt, shear-stable thickening formula that provides maximum protection against friction, wear, AND corrosion. Rem® Gun Grease retains its lubricity across temperatures ranging from -20° F to +500° F, and it is safe for finished stocks, coated metals, and polymer parts. Biodegradable and non-toxic, too. All this, while it protects moving parts, hinge points, and threaded parts from damage caused by excessive heat and wear. It doesn't take a lot, either, so a small tube will last a while. Drop one in your cleaning kit and range bag - and use it to extend the life of your guns.

#768-001-874 Rem Gun Grease, 1/2 oz. Tube, 6B34G50. . . \$ 5.49

## FIRECLEAN™ ADVANCED GUN OIL

Anti-Fouling Oil Deep Cleans, Lubricates & Repels Carbon

FIREClean is a non-toxic, odorless, biodegradable oil that breaks down carbon fouling and makes it easy to wipe away. Powerful formula helps it dislodge "embedded" carbon fouling that is impossible to remove via brushing alone. Then it conditions the surface of the metal to make it harder for future fouling to take hold, so cleaning is easier and faster than the traditional "chore" with stinky solvents. Also provides superb long-lasting lubrication that cuts down wear on moving parts. Resists heat, too, so it won't break down during competition or long sessions at the range.

#100-011-426 2 oz. FIREClean Gun Oil, 7F12H84. . . . . \$ 14.99

#100-015-721 FIREClean 2-Pak (4 oz.), 7F25L68. . . . . 29.99

#100-015-792 FIREClean 24-Pak (48 oz.), 7F308Q15. . . . . 359.99

## BRIAN ENOS

### SLIDE-GLIDE FIREARMS LUBRICANT

Protects From  
Corrosion & Wear

High-tech, extreme pressure greases protect firearms from corrosion and wear, and help improve overall operation. Advanced formula will not attract dust like conventional oils and greases such as lithium, or lithium-based metallic greases containing molybdenum or graphite. Non-creeping to stay between moving parts for long lasting protection during continuous cycling. **Standard** is a medium viscosity grease specifically formulated for temperatures of 60° F (16° C) or higher. Works well in noncompensated pistols, all shotguns and rifles. Not recommended for compensated pistols, .22 rimfire, or revolvers. **Lite** is a thin viscosity grease formulated for temperatures 30° F (-1° C) or higher. Works well in non-compensated and compensated pistols, revolvers, shotguns and rifles, including .22 rimfire. Provides superior lubrication for Glock® pistol connectors. Blended specifically to provide maximum reliability in all "IPSC Open guns," carry and duty pistols.

**SPECS:** 1/2 fl. oz (15 mL) tube.

#100-004-080 Slide-Glide Standard, 3K6P79. . . . . \$ 8.99

#100-004-081 Slide-Glide Lite, 3K6J79. . . . . 8.99

## BIRCHWOOD CASEY

### SNO™ UNIVERSAL GUN GREASE

Protects & Lubricates Firearms For Improved Reliability

Advanced formula protects your firearms from corrosion and wear, plus reduces friction to ensure smooth, reliable function of all moving parts. When used on a regular basis, helps your pistols, rifles, and shotguns work easier for a longer service life. Can also be used as a metal preservative when storing your firearms for extended periods of time. Simply apply liberally to metal surfaces after cleaning. Semi-clear and non-staining.

**SPECS:** 1/2 fl. oz. (15ml) tube.

#167-000-039 Sno Universal Gun Grease, 5C3L32. . . . . \$ 4.09

## WILSON COMBAT ULTIMA-LUBE II

"Tuned" Lubes Excel At Specific Jobs

**GREASE** - A light grease that stays where it's put and won't migrate to other parts. The areas of your gun that need lubrication stay lubricated. One drop on each slide rail reduces friction and wear; helps your pistol work easier and stay clean longer. Will not attract and hold contaminants. Recommended for full- and semi-auto rifles and carbines. Excellent for AR-style rifles in temperatures above 50°F. **SPECS:** 2 oz. (59ml) bottle.

#965-000-124 Ultima-Lube II Grease, 2 oz., 5F6K06. . . . . \$ 6.95

**UNIVERSAL GREASE/OIL** - General-purpose, heavy grease/oil for use in high-tension contact areas like semi-auto slides and bolts. Anti-friction properties help prevent surface wear and galling. Dropper bottle lets you apply lubricant one drop at a time, right where you want it. Will not attract and hold contaminants. Recommended for pistols/revolvers, and long guns of all action types. 40° to 350° operating temperature range. Optimal for AR-style rifles in temperatures between 20° to 50°F. **SPECS:** 4 oz. (118ml) bottle.

#965-000-123 Universal Grease/Oil, 4 oz., 5F9G54. . . . . \$ 10.95

## MILITEC MILITEC-1

Lubricates & Prevents Corrosion

Synthetic-based metal conditioner provides constant, self-lubricating protection for your metal parts to ensure reliable functioning in extreme conditions. Actually becomes part of the metal; the heat from normal firing of your gun molecularly bonds the material to the gun metal.

**SPECS:** Available in 1 oz. (29.6 ml) bottle, 4 oz. (118.3 ml) bottle, or as a grease in a 14 oz. (397 g) tube. Cases carry National Stock#:s: 1 oz. (100 bottles), 9150-01-415-9112; 4 oz. (12 bottles), 9150-01-415-9114.

SINCE 1939

## LUBRIPLATE

Top-Quality White Grease

The original white lubricant. Long-lasting, dependable, waterproof lubrication for internal parts or whenever a lightweight, top quality grease is preferred. **US**  
**SPECS:** 1 1/4 oz. (50 g) or 10 oz. (284 g) tube.  
**#311-002-007** 1 1/4 oz. Lubriplate, 1A4D31 ..... \$ 6.99  
**#311-003-010** 10 oz. Lubriplate, 1A7F35 ..... 9.99

## SENTRY

### TUF-CLOTH™ & TUF-GLIDE™ LIQUID

Wipe-On, Long-Lasting  
Corrosion Protection;  
No Oils Or Silicone

**Tuf-Cloth** - Endorsed by the U.S. Navy Seals. Lint-free, saturated with a high-tech cleaner, lubricant and rust preventive for all metal. Leaves invisible, water-displacing, corrosion-inhibiting, protective film that will not attract dirt or dust. Re-sealable pouch. **Marine** - For metal exposed to salt water spray. **8 oz.**

**Tuf-Glide Liquid** - Use to "recharge" the Tuf-Cloth - or apply directly to high-wear areas of the gun. Dries quickly, leaves no tacky residue; waterproof, won't wash off, won't thicken in cold weather. **US**  
**SPECS:** Lint-free cloth, 12" (30cm) x 12". Tuf-Glide Liquid - 8 fl.oz. (236.5ml), plastic bottle.

## MD LABS XF7 WEAPON LUBRICANT

Protects Your Pistol In  
All Environments;  
Won't Melt Or Burn Off

Field-tested in extreme heat to stay where you put it. Prevents the buildup and adhesion of stubborn fouling, so it wipes right off. Provides continuous protection in temperatures up to 500° F; short-term protection up to 600° F plus withstands high cyclic rates of fire in competition. Will not wash off in fresh or salt water. Handy, 15cc syringe dispenses lubricant exactly where you want it without drips or runs. Safe for rubber or polymers, doesn't attack common metal finishes. Lubricant is non-toxic, non-staining and contains no Teflon. **US**  
**SPECS:** Re-sealable syringe applicator, 15cc.

**#100-002-242** XF7 Weapon Lubricant, 9C8P57 ..... \$ 11.99

## SHOOTERS CHOICE ALL-WEATHER HIGH-TECH GREASE

Won't Gum Up In Cold Or  
Burn Off In Extreme Heat

Extreme-pressure, high-temperature synthetic grease lubricates high-friction areas in any weather, from -65° F. to +350° F. Syringe gets the grease exactly where needed. **US**  
**SPECS:** 10 mL (.34 fl. oz.), syringe applicator.

**#934-010-010** All-Weather Hi-Tech Grease, 4C6F37 ..... \$ 7.99

## KG PRODUCTS LEATHER-KOTE

Protects Leather & Reduces Draw Friction

Micro-Teflon, silicon-lubricant paste protects leather and reduces friction to make it fast and easy to go from holstered to drawn. Paste consistency makes little mess and burnishes into the leather easily for an attractive, durable finish. **US**  
**SPECS:** 2 fl. oz (59 ml) or 4 fl. oz. (118 ml).

**#665-000-003** 2 oz. Leather-Kote, 5F11A15 ..... \$ 13.99  
**#665-000-004** 4 oz. Leather-Kote, 5F22P17 ..... 23.76

## ESCA-TECH D-LEAD CLEANERS

Remove Harmful Lead & Heavy Metals

Removes lead and other heavy metals from your skin after shooting and reloading. Available in: one-use **Towels** or **Skin Cleaner** which cleans and conditions the skin with or without water. **US**

**SPECS:** D-Wipe Towels: 40 towels per can; D-Lead Dry or Wet Skin Cleaner: 8 oz. (.23l) bottle.

**#100-002-192** D-Wipe Towels, 9A7C48 ..... \$ 8.99  
**#100-002-193** D-Lead Skin Cleaner, 9A5N92 ..... 6.99

## BIRCHWOOD CASEY LEAD REMOVER & POLISHING CLOTH

Cleans Lead & Powder Fouling  
Off Stainless Steel

Chemically-treated cloth attacks lead, carbon and copper bore deposits, as well as removes powder burn rings on the face of revolver cylinders and lead/plastic fouling from shotgun barrels. Cuts through rust and tarnish to restore luster to stainless steel, nickel and most metal surfaces, and can be trimmed to size for use in chambers or through the forcing cone and choke. Also cleans and polishes wood, glass, plastic and porcelain. Discoloration does not reduce efficiency. **US**  
**SPECS:** 6" (15cm) x 9" (22cm), 54 sq. in. Includes instructions and resealable plastic storage bag. Not recommended for blued or case-hardened metal finishes.

**#167-000-060** Lead Remover Cloth, 5C5B80 ..... \$ 7.59

## FLIP-TOP SPOUT BOTTLE

Easy-Pour & Store For Lubricants

Take your favorite liquid lubricant along in your range bag or tool box and not worry about spills or leaks. Resistant to most oils and solvents. **US**  
**SPECS:** Low density polyethylene. Holds 1 fl. oz. (30 ml). Three pak.

**#084-038-103** Flip-Top Bottles, 3-pak, 8K7199 ..... \$ 7.99

## BROWNELLS NEEDLE OILER BOTTLE

Leakproof, Solvent & Stain Resistant;  
Controlled, Metered Flow

Provides a consistent, small drop of your favorite lubricating oil, cleaner, bore solvent, stock stain or finish. Hollow steel "needle" accurately puts that drop of oil or solvent right where you need it most. Helps prevent over-lubrication, contamination and waste. Made from high density polyethylene plastic; fluorinated to resist breakdown from all common petroleum based solvents and protect any outer label from migration damage. Threaded top features a heavy-duty, inner, rubber seal and removable slip cap; both seal tightly and prevent leaks. **US**  
**SPECS:** Available in 1 fl. oz. (30ml) and 1/2 oz. (15ml) capacities, both sold in 3 paks. **NOTE:** Color and style of actual bottles may vary slightly from photograph. Function is not affected.

**#084-000-127** Three 1 oz. Needle Oilers, 6A10J66 ..... \$ 11.99  
**#084-000-361** Three 1/2 oz. Needle Oilers, 4H7D71 ..... 8.99

## BROWNELLS REUSABLE SYRINGES

Accurate Dispensing Of ACRAGLAS®,  
ACRAGLAS GEL®, Wood Glues & Greases

Put just the right amount of cutting compounds or greases exactly where you want them. Great for getting into tight places. Clean up easily; use again and again. Try-Pak has 2 of each size. **US**  
**SPECS:** Polypropylene, 10cc - 5/16" (13.3cm) overall, 1/16" (1.75mm) diameter. 30cc - 6/16" (15.9cm) overall, 1" (2.5cm) diameter. 50cc - 7/16" (19cm) overall, 1/4" (3.2cm) diameter.

## MARSH SHIPPING SUPPLY RAPID LUBE 202

Makes Quick Work Of Firearm  
Lubrication & Maintenance

Innovative cleaning brush and fluid dispenser holds 4 fl. oz. of lubricant that dispenses by the push of a button. Soft, natural-bristle brush cleans dirt and debris without damaging your gun's finish and helps spread the liquid released from the reservoir. Perfect size for the shop or the range. Doesn't include lubricant. **US**  
**SPECS:** Aluminum. 8" (20.3cm) long, 1/2" (3.8cm) diameter. Reservoir holds 4 fl. oz. (118.3 mL).

## BROWNELLS SIGNATURE PISTOL CASE

Premium Features Provide  
Maximum Convenience &  
Protection

Use as a stand-alone case or for extra protection when carrying your handgun in a range bag with other gear. Large enough for guns with optics, lasers, or tactical lights. Triple protection system includes a tough, Cordura nylon outer shell, dual layer of shock-absorbing foam, and nylon Tricot inner lining. Nylon zipper with brass slide and pull keeps the case sealed; a brass D-ring lets you lock the case (padlock not included). Nylon-web carry strap completes the package. **Standard** is just the right size for small and mid-size pistols and revolvers. **Magnum** is built extra large to fit those long barreled, large magnum revolvers and pistols. **Deluxe Magnum** has an external, zippered pocket ideal for storing extra ammunition, cleaning supplies, shooting glasses, hearing protection or other gear. **US**

**SPECS:** Brown Cordura nylon shell, black Tricot interior. **Standard** - 12" (30.5cm) long, 8" (20.3cm) high, approximately 1/2" (3.8cm) thick when zipped. **Magnum** - 18" (45.7cm) long, 9" (22.8cm) high, approximately 1/2" thick when zipped. **Deluxe Magnum** - Storage pocket, 8" (20cm) long, 6" (15cm) high, approximately 1/2" (4.4cm).

## BROWNELLS FRINGED GUN COVER

Protects Your Traditional Long Guns

Protect your buffalo rifle, coach gun, or traditional muzzleloader in this genuine suede leather gun sleeve. Angled design is tailored after Old West gun covers for a superior fit and period looks. Flap with leather tie closure secures your gun inside the case and keeps dust and dampness out. Loop on muzzle end allows easy storage. Brownells logo patch on the side lets everyone know it's the genuine article! **US**  
**SPECS:** Leather, russet brown. 66" (168cm) long. Fits rifles and shotguns up to 60" (152cm) long.

## BROWNELLS GUN SOCK

Protects Guns From  
Scratches & Rust  
During Storage

Stretchy gun sock slips over guns to cushion them from scratches and small dings during storage. Silicone-impregnated cloth inhibits rust and wicks moisture away from metal surfaces. Tag sewn into closed end gives you a handy place to write down make, model and other information to identify the gun without removing the sock. A big Brownells Ram logo on the outside shows everyone that you're "Serious About Firearms". Gray stretch fabric. **US**
